## The Good Old Winters.

In 401 the Black sea was entirely frozen over. In 762 not only the Black sea, but the straits of Dardanelles, were frozen over, the snow in some places rising fifty feet high. In 822 the great rivers of Europe the Danube, the Elbe, etc., were so hard frozen as to bear heavy wagons for a month. In 860 the Adriatic was frozen. In 991 everything was frozen, the crops totally failed and famine and pestilence closed the year. In 1607 most of the travelers in Germany were frozen to death on the roads. In 1134 the Po was frozen from Cremona to the sea; the wine sacks were burst and the trees split by the action of the frost, with immense noise. In 1236 the Danube was frozen to the bottom, and remained long in that state. In 1316 the crops wholly failed in Germany; wheat, which some years before sold in England at 6s. the quarter, rose to £2. In 1308 the crops failed in Scotland and such famine ensued that the poor were reduced to feed on grass, and many perished miserably in the fields. In 1368 the wine distributed to the soldiers was cut with hatchets. The successive winters of 1432-3-4 were uncommonly severe. In 1863 it was excessively cold. Most of the Hollies were killed. Coaches drove along the Thames, the ice of which was eleven inches thick. In 1709 occurred the cold weather; the frost penetrated the earth three yards into the ground. In 1716 booths were erected on the Thames. In 1744 and 1745 the strongest ale in England, exposed to the air, was covered in less than fifteen minutes with ice an eighth of an inch thick. In 1808, and again in 1812, the winters were remarkably cold. In 1814 there was a fair on the frozen Thames.

till six o'clock on Sunday morning, when he unfortunately lost it. When the fish was hooked, he was accompanied by Mr. Grant, Debjorn, and Mr. Alexander Macpherson, keeper. The latter being, a thorough fisherman, constructed a sort of raft to get the fish ashore, but owing to its very large size, it escaped all the snares that ingenuity could invent to secure it. Fires were lighted on both sides of the river, and crowds of people gathered to see 'what could the matter be.' All were grievously disappointed when it was ascertained that the fish had, after all, got off."

## ROSS-SHIRE.

A SPECIAL general meeting of the shareholders of the Dingwall and Skye Railway Company was held on April 15th, within the Station Hotel, Inverness, for the consideration of the bill now pending in Parliament providing for certain deviations on the authorized line. Mr. Matheson, of Ardross, M.P., chairman of the company presided, and moved the approval of the bill. He said the proposed deviation would save upwards of £40,000, and that Attadale was only fifteen miles shorter than the original terminus at Kyleakin, and would serve the country equally well. The length of the line was forty-two miles, and the estimated cost £234,500. The subscription list already amounted to £140,000, and they were empowered to issue debentures to the extent of £80,000. The authorized capital was £240 000, leaving only £20,000 to be raised before the completion of the line. The contractors would be enabled to commence in June, and the works proceeding by two contracts starting from either end, they hoped to be able to have the line ready in about two years. The motion was unanimously agreed to.

## ORKNEY AND SHETLAND.

MISS BORWICK, who has acted as teacher in the Ladies' Charity School at Kirkwall, for upwards of 35 years, was presented recently with an easy chair on her retirement.

THIS is likely to be a hard year for a great many in Shetland, owing to the failure of the crops last season, and the low price given for fish. Some

The Rev. W. Morley Punshon, M.A.—This popular minister was born in 1821 at Doncaster, Yorkshire, England, where his father was a draper and a prominent supporter of the Wesleyan cause. In 1838, he engaged in business in Hull, but his inclinations leading him towards the church, he commenced his career at Sunderland in 1840, by undertaking the duties of "local preacher." After passing a short term as probationer at the Wesleyan College, he accepted his first pastoral charge at Marden in Kent. The Methodist Conference of 1845 appointed him to Whitehaven, followed by two years in Carlisle, and three years in Newcastle. At the latter place he married a lady who died in 1858, leaving several children. After leaving Newcastle, Mr. Punshon spent the next three years in Yorkshire, three years in Sheffield and six years in Leeds. While in Leeds his popularity was approaching its height. It was in January, 1867 he delivered what was probably, for rhetorical effect his best discourse—his lecture on John Bunyan. This oration was delivered with electrical effect in various places. Another lecture, "The Huguenots," was issued at a shilling, and from the proceeds of its delivery Mr. Punshon gave £1,000 toward the Wesleyan chapel in Spitalfields. Large sums were raised for various local charities by means of his lectures. In 1862, seeing the poor accommodation provided by Wesleyans in several popular watering places, he undertook to raise within five years, by lecturing and personal solicitation, the sum of £10,000 in aid of a fund for the erection of chapels in those places. Last August, the term of five years being completed, Mr. Punshon had the gratification to announce that the pledge had been accomplished. He arrived in New York about two weeks ago, but remained here only a short time, and passed on to Canada where he has been lectruring with his usual ability and success.

The Rev. Dr. McCosh.—It is reported that George H. Stuart, Esq., of Philadelphia, has received a Cable dispatch announcing the acceptance by the Rev. Dr. McCosh of the Presidency of

# PREFACE.

THE publishers, in presenting their SIXTEENTH ANNUAL EDITION of the City of Hamilton Directory, gratefully acknowledge the support awarded them, and assure their patrons, that as in the past, so in the future, every means in their power will be exerted to make the work as thorough and reliable as it is possible for a compilation of this kind to be, and if errors are discovered they solicit a lenient criticism.

*The present volume contains about 14,000 names of male adults, widows, and women engaged in business, being 28 per cent. of the estimated population (50,000).*

We claim that in everything essential this work is equal to any similar compilation published on the continent.

Wishing our patrons a favorable year, we take our leave, hoping in due time to request their support for the *seventeenth* edition of this book.

Please see that all orders bear our name.

# CHESTER'S CURE

## For Bronchitis, Catarrh, Asthma, Hoarseness, Coughs and Colds.

Office of LYMAN & Co., Wholesale Druggists,

Montreal, Dec. 29, 1885.

DEAR MR. CHESTER,—In regard to your Cure, I can say that I think it an excellent preparation. I have used it and have come much in contact with its use. The best estimate of its intrinsic worth is to be drawn from the fact that the sales increase steadily with little or no advertising. One person recommends it to another, and its sale is based, in my opinion, more upon its worth as a remedy than upon the results of public advertising done in the past.

Yours truly, HENRY MILLS, Manager Lyman Sons & Co.

W. E. CHESTER, Shigawakee, March 27, 1883.

DEAR SIR,—Having tried your Cure for what our doctor pronounces bronchitis, I find that I can get relief in a few minutes. I am, dear sir, Yours respectfully,

ANDREW YOUNG, Postmaster, Shigawakee, Co. Bonaventure, P. Q.

W. E. CHESTER, Toronto, Nov. 30, 1882.

DEAR SIR,—I have no hesitation in stating that your Asthma Cure is the best I ever came across, and would strongly recommend it to all suffering from the disease. Yours truly,

E. O'KEEFE, Brewer and Maltster.

MR. CHESTER, MORRISBURG, ONT., May 16, 1881.

DEAR SIR,—Your Cure has effected a complete cure for me, as I have not had a symptom of asthma for one year, and I was afflicted with it for about twenty years. I will always feel grateful to Mr. George Hickey, who recommended it to me. Yours respectfully, JOHN BARRY.

For sale by all Druggists. If your own druggist has not got it in stock, remit $1 by mail and you will receive one box, prepaid, by return. Address

# KELLEY'S PATENT CLOSET SEAT

PATENTED 1887.

**No Offensive Odor. Self-Acting.**
**No Trouble to Close Down the Lid.**

THIS ingenious invention can be attached to any outside Closet. It is so constructed that the pan remains closed all the time, and can only be opened when the closet is in use, thereby preventing any odor. It is self-acting, and can be operated by the smallest child. No family should be without one. It can also be used as a night closet. It has been admitted by the medical faculty that a great deal of the sickness in large cities is caused by bad odors from water closets. At a small cost all this risk to health can be done away with and your closets made pure. There is a ventilating pipe attached to each closet.
