Having been a Contractor for a number of years, he can give a correct price, in detail, for any building as soon as a pencil sketch is made, thereby saving the expense of making plans and specifications and asking tenders for ascertaining the price, and being a practical mechanic all work will be explained in a definite manner. If construction is superintended it will be carried out to the satisfaction of the owners and contractors, thereby saving the expense very often in trying to find out what was agreed on.

PREFACE.

The publishers, in presenting their EIGHTH ANNUAL EDITION of the City of Hamilton and County of Wentworth Directory, present their acknowledgments for the kind patronage so liberally bestowed, and beg to state that everything has been done to render the work complete and reliable, every house in the city having been visited by our agents. In a compilation of this kind it is impossible to obtain perfectly accurate information, many persons misjudging the character of the work, will purposely give false names, others refuse information; and the orthography of proper names offers another great obstacle. We trust this work will contain but few errors, and we respectfully urge our claims to lenient criticism.

Our patrons are requested to see that all subscription orders for our next edition bear our name.

Several of our patrons complain that certain persons are in the habit of constantly borrowing Directories, and when most needed they are not to be found. The best remedy for this evil is not to permit the book to leave your premises. Every business man requires the book and can afford to purchase it.
