TO OUR PATRONS--THE PUBLIC

THE coming Exposition will be the Eighteenth held under the auspices of the Association. Since its inception in 1879 the grounds have been doubled in size, and the buildings have been enlarged in every direction. The attendance of visitors has increased from 80,000 at the first Exposition to over 270,000 at the last. At first the exhibitors and visitors were exclusively from the Province of Ontario, but now they come not only from all parts of Canada, from the Atlantic to the Pacific, but from all parts of the United States, and many from Europe, and it has attained the proud position of being the largest annual Exposition or Fair in the world. The grounds are over 100 acres in extent, and the buildings, etc., have cost over \$600,000. Their location on the north shore of Lake Ontario makes them additionally attractive, and they are easy of access from all parts of the city. The Exhibition for 1896 will outshine all of its predecessors. An excellent Programme of Special Attractions, of a novel and specially entertaining character, is being provided, and everything done that zeal and experience can suggest to make the Fair for the present year the banner one of the series. Cheap fares have been secured on all railway lines in Canada, and special excursions will be run from many points in the States of New York, Pennsylvania, Michigan and Ohio, and everything indicates that the attendance of visitors will be far ahead of any former year. The Toronto Exposition offers the best and most enjoyable holiday outing of the year. Take it in and you will not regret it.

General Rules and Regulations

Exhibitors will please read the following Rules carefully, and send in their entries as early as possible, and be sure that all Fees accompany the same.

From August 26th to August 29th, the Grounds and Buildings will be open to exhibitors and their assistants only from 7 a.m. to 6 p.m. These are preparation days, and all exhibits required to be on the grounds the full term of the exhibition must be in place and ready for exhibition by 6 p.m. on Saturday, August 29th.

The Exhibition will be open to the public on Tuesday, the 1st September, at 9 o'clock a.m., and will continue open on September 1st and 2nd, from 9 a.m. to 6 p.m., and from Thursday, September 3rd, till Friday, September 11th, from 9 a.m. till 10 p.m. (except Sunday). The Exhibition will be considered officially closed at 9 a.m. on Saturday, the 12th of September, after which exhibitors must remove all their property from the grounds and buildings. No removals will, under any circumstances, be allowed before Saturday morning, except in the case of Live Stock, which may be removed after 4 p.m. on Friday, 11th September, and Agricultural and Horticultural products, which may be removed after 6 p.m. on Friday, 11th September.

The formal opening will take place at 2 o'clock p.m. on Tuesday, the 1st of September, at which time many distinguished persons will be present.

A large number of special attractions, in addition to the regular Exhibition, of which full particulars will be subsequently given, will be provided for the enjoyment of visitors.

Intending exhibitors and visitors are particularly requested to read carefully and consider the following rules and regulations governing the Exhibition, which will be in all cases strictly enforced.

ADMISSION TO THE GROUNDS

Admission to the grounds will be by means of registering turnstiles, and each PERSON MUST PURCHASE THE PROPER TICKET AT THE TICKET OFFICE BEFORE ENTERING.

NECESSARY ATTENDANTS upon stock and machinery will be furnished with special passes on applying at the Secretary's office on the grounds. These passes will bear the name and description of the persons to whom they are issued, and if presented by any other person, will be forfeited. They will only admit the holder twice each day.

Attendants on exhibits who may wish to pass in and out of the grounds frequently during the day, will be furnished with a ticket allowing them to do so, on their supplying the Secretary with their photograph suitably prepared on thin paper about the size of a postage stamp, to be pasted on their ticket as a means of identification, on or before the 26th of August, but not otherwise.

Not more than one attendant's pass will be issued free to any exhibitor except in the case of Live Stock and Machinery, which may require extra attendants. As these passes are positively not transferable under any circumstances, exhibitors who may desire to change their attendant must have their passes exchanged at the office. The names of all attendants must be written on the passes, and no pass will be accepted at the gate until the name of such attendant has been written thereon in ink.

The entry ticket upon animals or articles will admit the person bringing them to the Show Grounds for exhibition, when accompanying such animals or articles, on their first entering, without the use of any other ticket; BUT AFTERWARDS SUCH PERSON MUST BE PROVIDED WITH A REGULAR PASS AS ABOVE, OR HE WILL HAVE TO PAY THE REGULAR ADMISSION FEE.

No attendant's pass will be issued to any exhibitor whose entrance fees amount to less than one dollar, but such exhibitor may purchase an "exhibitor's ticket."

ONE EXHIBITOR'S ticket, admitting an exhibitor twice each day and *positively not transferable*, may be purchased by any individual exhibiting, and, if a firm, by any member thereof, at the office of the Association on the grounds, at the following rates, viz.: For the whole Exhibition, \$1.50; and for the second week only, \$1.00.

Judges will be furnished with tickets and badges, the latter being intended only as a means of showing their official connection with the Exhibition, and not for the purpose of securing admittance to the grounds. Complimentary tickets will also be issued to members of the press, if applied for before the 29th of August.

ENTRIES

All entries must be made on the printed forms accompanying the Prize List. These forms are to be filled up and signed by the exhibitor, and sent to the Secretary of the Association at Toronto, on or before the following dates:—

For Live Stock, Dairy Products, Ladies' Work, Fine Arts, Honey, and all classes of Manufactures—

SATURDAY, AUGUST 8th.

Grain, Field Roots and Horticultural Products—

SATURDAY, AUGUST 15th.

Poultry—

SATURDAY, AUGUST 22nd.

Dogs—

THURSDAY, AUGUST 27th.

The entrance fee must in all cases be forwarded with the entry. No entry will be accepted unless this is done. Fees should be sent by money order or in bills in registered letter. Postage stamps are not desirable.

Articles of work or specimens which have been awarded prizes at any previous Exhibition of this Association cannot be entered in competition for the prizes named in the Prize List for this year.

Exhibitors will please take notice that it is absolutely required that the entries be made on or before the dates above mentioned, in order to afford sufficient time to examine the entry papers, forward the entry tickets and to correspond with parties when necessary, for the correction of errors and omissions, and to prepare the Exhibition Catalogue.

In the Horse, Cattle, Sheep, Pig and Poultry Classes, the entry must in every instance be made in the name of the *bona fide* owner, and unless this rule be observed no premium will be awarded, or if awarded will be withheld. If any person shall exhibit any animal or bird of which he is not the *bona fide* owner, he will forfeit any premium which may be awarded him, and be precluded from exhibiting in future. (See Special Rules at the head of each Department in Prize List.)

In all the other classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves in person or their properly authorized agent, who shall produce the authority in writing if so required.

No person will be allowed to enter for competition more than one specimen in any one section of a class, unless the additional article be of a distinct named variety or pattern from the first. This rule not to apply to animals, but to all kinds of grain, vegetable produce, fruit, manufactured articles, etc., to which each additional specimen would necessarily be precisely similar to the first.

Extra Entries.—Every article must be entered under some one of the headings in the regular list when possible; but if any article is of a distinct character from anything specified in the list, it may be entered as an extra in the class with which it most nearly corresponds.

On the entry of each animal or article, a card will be furnished the exhibitor, specifying the class, the section, the number of the entry, and the name of the exhibitor, WHICH CARD MUST REMAIN ATTACHED TO THE ANIMAL OR ARTICLE DURING THE EXHIBITION.

In all cases the right is reserved to reject entirely or accept conditionally any entry or application; and under no circumstances will articles which are offensive by reason of their odour or appearance, or which are dangerous by

reason of their combustible or explosive character, be admitted; and if any such be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Board of Directors.

Exhibitors shall, if required by the Directors, make a statutory declaration that the articles exhibited by them are exhibited in accordance with the Rules and Regulations of the Association; and in case any exhibitor refuse to make such declaration on being requested, all premiums awarded him, her or them shall be forfeited.

Except in special cases where extra advantages, for advertising purposes, have been applied for.

APPLICATIONS FOR SPACE

For the exhibit of all classes of Manufactures, applications for space should be made to the Secretary as early as possible. Space will be allotted according to order of application, from the 1st of July up to the 8th of August, after which date it will be allotted according to the extent previously undisposed of.

PREPARATORY WORK

On and after Monday, the 17th of August, exhibitors, their agents and workmen will be admitted to the grounds and buildings for the purpose of making preparatory structures, or getting Machinery and Implements into position.

DELIVERY OF LIVE STOCK AND ARTICLES AT GROUNDS

All Plants and Flowers in pots must be delivered on the grounds and arranged on the tables by 10 a.m. on Tuesday, September 1st. Dairy Products must be in place by noon on Wednesday, September 2nd. Agricultural Products, Roots, Grain and Vegetables, must be delivered and placed on exhibition by noon on Thursday, September 3rd. All other articles, Implements, Machinery, Stoves, Manufactures of all kinds, Honey, Fine Arts and Ladies' Work, etc., etc., must be delivered on the grounds and placed in position by 6 o'clock p.m. on Saturday, August 29th.

Horses, Cattle, Sheep, Pigs and Poultry may be delivered on the grounds any time after the 31st August, but in no case will they be received later than noon on Thursday, September 3rd. Cut Flowers by 10 a.m. on Tuesday, September 8th, and all Fruit by 10 p.m. on Monday, September 7th.

SPECIAL NOTICE.—As it is intended to have the various departments of the Exhibition fully opened to the public at the time named, exhibitors are specially notified that articles or animals arriving after the above dates and hours will not be allowed to compete. Exhibitors of Machinery and other heavy articles are expected to have them on the grounds and placed in position the week preceding the opening of the Exhibition.

All boxes, wrapping and other packing material must be cleared away, and everything be in proper order, before 6 o'clock p.m. on Monday, the 31st of August.

Exhibitors must provide for the delivery of their articles upon the Exhibition Grounds. The Association will not, in any case, make provision for their transportation or be subjected to any expense therefor, either on their delivery at or return from the grounds. All expenses connected therewith

must be provided for by the exhibitors themselves, and all express and cartage charges must have been prepaid.

Articles not accompanied by their owners may be addressed to the Superintendent of the Department in which they are to be exhibited, who will receive them on their being delivered at the grounds, if all cartage and other charges on the same have been prepaid.

Exhibitors on arriving with their articles, should apply at the office of the Secretary, when they will be informed where the articles are to be placed.

Exhibitors must at all times give the necessary personal attention to whatever they have on exhibition, and at the close take entire charge of the same.

Exhibitors of animals, machinery in motion, and other exhibits liable to occasional accidents, injury or damage to persons coming in contact with them, shall guard their exhibits and protect the public from coming in contact therewith, and every such exhibitor shall indemnify the Association from and against all claims and demands, costs, charges and expense which it may incur, suffer or be put to by reason of any accident, or of any person being injured or suffering damage through or by reason of any such exhibit not being properly guarded or the public not being properly protected therefrom.

Articles placed on exhibition must not be removed until the close, except by permission of the Board of Directors; and except also in the Fruit, Vegetable and Floral sections, where such removal is necessary to a continuous display.

Every facility will be afforded for the transaction of business, by taking orders, but no delivery of articles sold can be made on the premises during the Exhibition, except by special arrangement.

The Association will take reasonable precaution to ensure the safety of articles sent to the Exhibition, but the owners themselves must take the risk of exhibiting them; and should any article be accidentally injured, lost or stolen, the Association will give all the assistance in their power towards the recovery of the same, but WILL NOT MAKE ANY PAYMENT for the value thereof.

At the close of the Exhibition exhibitors must remove their exhibits as early as possible. Any article or stand left in the buildings or grounds after this time will be at the risk of the owner.

LIVE STOCK

The new stables and cattle sheds recently erected on the grounds are now the best on the continent. Straw for bedding and water will be furnished for Horses, Cattle, Sheep and Pigs, and feed for Poultry without charge, from the opening until the close of the Exhibition, so that the stock may be taken to the grounds immediately on their arrival. Hay and grain for Live Stock will be for sale on the grounds at lowest prices. Exhibitors will please report at once if unreasonable prices are exacted.

The production of any of the animals in the Show Rings may be ordered by either of the Committees on Live Stock, for review or other purposes, at any time during the Exhibition; and any exhibitor or attendant refusing to bring such animal or animals into the ring when so required, shall forfeit his entry fees and any premiums which may have been awarded him, and be precluded from exhibiting in future.

PROCESSES OF MANUFACTURE

A portion of the Main Building is fitted up with shafting and power, especially for the exhibition of processes of manufacture. The Association hope that manufacturers who are in a position to assist in this feature will send some of the machines used by them in the manufacture of their products, and it is certain that they will be amply repaid for their trouble by the extra benefits they will receive from such an exhibit.

MEDALS

Medals will be awarded in lieu of Money Prizes when desired by exhibitors, subject to approval by the Board of Directors. The value of the medals is as follows: Gold Medal, \$50; Silver Medal, \$20; Bronze Medal, \$10.

RAILWAYS, STEAMBOATS AND CUSTOMS

Favourable arrangements have been made with all the Railroad and Steamboat Companies for the conveyance of passengers and articles to and from the

Exhibition at greatly reduced rates, and for special excursions from all parts of the Dominion and the northern portion of the United States.

Live Stock and all other exhibits sent as freight (not by express) will be returned free on the freight having been prepaid one way, that is, to Toronto.

Arrangements have also been made with the Customs Department for the admission of articles from foreign countries for exhibition, free of duty, on giving the customary bond.

All Stock, Implements, Machinery, etc., can be unloaded from the railway cars directly upon the grounds, the expense of transshipment being thus avoided.

All articles sent by express will be delivered on the grounds without extra charges by the Express Companies.

PAYMENT OF PRIZES.

The Treasurer will be prepared to commence paying the premiums at his office on the grounds, for all classes of exhibits, on Friday, the 11th September, at 4 p.m.

Parties who may have prizes awarded to them are particularly requested to apply for them before leaving Toronto, *PRESENTING AN ITEMISED STATEMENT OF PRIZES CLAIMED*, or leave a written order with some person to receive them, *stating the articles for which prizes are claimed*.

Persons entitled to premiums must apply for them at the Secretary's Office, who will give *orders on the Treasurer* for the amount. These orders must be endorsed, as they will be payable to *order*, not to *bearer*; and on presentation to the Treasurer, properly endorsed, will be paid either in cash or by check on the bank.

Orders for premiums not applied for as above will be issued by the Secretary, and the amount forwarded by the Treasurer, as soon as possible after the close of the Exhibition, to the address given on the entry forms.

All persons to whom a prize is awarded, and who do not receive the same as above, must apply to the Secretary of the Association for payment thereof in writing, on or before the 30th day of November of the year in which such prize is awarded, or such prize will be forfeited.

JUDGES AND JUDGING.

The Judges will be appointed by the Committees and Board of Directors previous to the Exhibition, and will receive a circular informing them of the fact, and when to report at the office on the grounds.

No person will be allowed to act as Judge who is in any way interested in the articles to be examined.

The judging will commence at the times stated in the various departments of the Prize List.

It is particularly requested that the Judges will *not enter into arguments* with exhibitors as to the merits of their exhibits.

It is desired that all the Judges of each class sign their books and go together to hand in their report at the Secretary's office as soon as possible after completing their duties, instead of sending it in by one of their number, and to remain together until their book has been examined by the Secretary or his assistants, in order that cases of error or doubt may be more promptly and easily made right.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second or any premium. It does not follow that because a prize is offered for any particular animal or article that it must be awarded, unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. **The Judges are particularly requested to note this fact.**

In addition to the stated premiums offered for animals or articles enumerated in the list, the Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by tickets with the words "Highly Commended" upon them. These tickets will, however, not entitle holder to any money payment.

No award of a prize not offered in the List will be paid until sanctioned by the Board of Directors of the Association.

Each award must be written in a plain, careful manner on the blank page of the Judges' book opposite the number of the entry, with the name of the exhibitor.

Exhibitors can ascertain from the Superintendents of the several Departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the Judges have overlooked animals or articles will therefore be considered by the Directors.

Any exhibitor lodging a protest must make it in writing, and it must be delivered to the Secretary or his assistant **within three hours of the cause of protest**; it must state plainly the cause of complaint or appeal and must be accompanied by a deposit of \$5, which sum shall be forfeited to the Association if the protest be not sustained. The Board of Directors, however, earnestly hope that exhibitors will not enter protests without the strongest grounds for so doing, as much annoyance and unpleasantness is often occasioned by protests of a frivolous nature.

The Judges are particularly requested not to leave the grounds until they have ascertained from the Secretary's Office that there are no protests against the awards in the classes they have judged.

The Judges are expected, in the execution of their duties, to be careful to act with the most rigid impartiality, in all cases of doubt or difficulty referring freely to the Secretary, or to the Committee of the Association in charge of the Department.

No animal or article exhibited shall have about it any prize colours or cards until the awards have been made in their respective classes.

No person shall be permitted in the Horse or Cattle Rings during the time of judging except the Judges, the grooms or persons in charge of the animals and members of the Committee.

All prize cards which have been affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duties, or who shall at any time, on the premises of the Association, use any contemptuous or abusive language to any Judge in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception or dishonest practice, either in the preparation, ownership, or of any misrepresentation concerning any animal or article exhibited, which may have affected, or have been intended to affect, the decision of the Judges, the Board of Directors have power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not, as may be deemed most expedient.

The Judges are requested to make any suggestions or recommendations they may deem necessary for consideration by the Directors with a view to improving the Prize List for future exhibitions, at the end of their book before handing in the same at the Secretary's Office.

MISCELLANEOUS.

If any persons, through ignorance of the regulations, shall bring things to the Exhibition without having entered them at the proper time, the same may, in the discretion of the Superintendent in charge of the several departments, be allowed to be brought upon the grounds, and so placed that they may be examined by the public, but shall not be classified, nor shall any official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor, the Board of Directors reserve the right, in case any such exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him, or any portion thereof, forfeited. Exhibitors must arrange their exhibits in as neat and attractive a manner as possible, and neatly fit up the space allotted to them, in default of

which the Directors may cancel their entries and require the removal of the goods.

The Board of Directors reserve the right to prescribe the dimensions and regulate the positions of all signs, and generally to direct the management of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance. Exhibitors will not be allowed to distribute about the grounds or buildings hand-bills or other advertisements that may cause a nuisance. Neat cards for this purpose are recommended, as they are more likely to be kept by visitors and not thrown on the ground.

No exhibitor or attendant will be permitted to make unseemly noises, that may be considered a nuisance, in calling the attention of visitors to his exhibits; and any exhibitor or attendant that may be guilty of distributing any advertising cards or other notices that may be considered immoral or objectionable by the Board of Directors, shall forfeit his space and all other privileges, and shall be removed from the exhibition grounds.

The contractors for the supply of refreshments at the Restaurants and all persons keeping refreshment stands, must lay in their supplies before 8 o'clock a.m., unless under special unavoidable circumstances, when permission must be obtained from the Manager.

If any person wilfully injures or destroys any property within the Exhibition Grounds of the Association, or hinders or obstructs the officers or servants of the said Association, or any policeman or constable duly appointed, in the execution of his duty, or gains admission to the said grounds contrary to the rules of the Association, he shall be liable to a fine of not less than one, or more than twenty dollars; said fine to be enforced and collected, as fines are usually collected, and to be paid over to the Association for its use and benefit; and in default of payment, the said offender shall be imprisoned in the common gaol for a period of not more than thirty days.

The officers of the Association have the power, by their Act of Incorporation, to enforce these rules and to prohibit and prevent all kinds of gambling; to regulate or prevent the huckstering or trafficking in fruits, goods, wares, or merchandise on the Exhibition Grounds, or within three hundred yards thereof; and any person, who, after due notice of such rules, violates the same, shall be liable to be removed by the officers, policeman or constable of the said Association, and be subject to the penalty prescribed by the next preceding section.

FIRE AND POLICE PROTECTION

The most careful and thorough arrangements possible are made to guard against fire. At the Fire Hall on the grounds a detachment of the City Fire Brigade will be present night and day, and the grounds are connected with all the Fire Halls by telephone; and with the precautions taken it is believed the danger of such an occurrence is very remote; but exhibitors desiring insurance must give the matter their personal attention.

An ample police force, detailed for the purpose by the city, will be on duty night and day during the continuance of the Exhibition. But exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Association will not be responsible for loss or damage by theft, fire or otherwise. Small and valuable articles should be exhibited in show cases, which may be securely locked when desired.

INQUIRIES

As to the Exhibition and its arrangements before the opening should be addressed to the Secretary at Toronto. During the Exhibition inquiries may be made at the Association Offices on the grounds.

THE PRESS

The Press Bureau is located near the Secretary's Office on the grounds. Members of the Press are cordially invited to the exhibition. Ample accommodation will be provided for them, and all necessary information will be promptly furnished. Editors are requested to notify the Secretary two or three weeks previous to the Exhibition of the name or names of representatives they will have on duty, in order that tickets for them may be forwarded. No complimentary tickets of any kind will be issued after the exhibition is open.

TELEGRAPH, EXPRESS AND POST OFFICES

The Great North-Western and Canadian Pacific Telegraph, the Telephone, and the Express Companies have offices on the grounds; and there is a post-office at which mails are received and despatched twice daily.

VISITORS

Visitors may be assured of finding on the grounds everything necessary to the convenience and comfort of young or old, during the entire day. Ample restaurants and lunch rooms, managed by experienced caterers, and under the supervision of the Board of Directors as to the price and quality of food, serve meals and refreshments during hours of exhibition at reasonable rates. A barber's shop, wash rooms, and baggage rooms for the deposit of satchels, cloaks, etc., and in charge of responsible parties, are conveniently located for the accommodation of visitors. The city authorities will co-operate with the officers of the Association in every practicable manner to ensure the safety and contribute to the pleasure of the visitors.

HOW TO REACH THE GROUNDS

The grounds, one hundred and ten acres in extent, are the finest, and the buildings the largest and most commodious in the Dominion of Canada. They are beautifully located on the shore of Lake Ontario, at the west end of the city. They are easy of access, and can be reached in a few minutes by either of the lines of Street Railway, by the Grand Trunk Railway cars, running every few minutes, or by a line of steamers on the bay, which land visitors directly upon the grounds.

ENTRANCE FEE, \$1.00 PER HEAD. STABLING FREE.

Special rules governing the exhibit of horses, in the horse rings, will be issued at the time of
exhibition, and all exhibitors will be required to conform to the same.

The ages of horses will be calculated to the 1st of January, 1896.

ENTRIES POSITIVELY CLOSE AUGUST 8TH.

For the purposes of the Catalogue all entries must be as full and complete as possible. Numbers corresponding with those in the Catalogue will be furnished exhibitors on their arrival at the grounds, and no animal will be allowed in the ring without having its number on.

Stalls will not be allotted until horses arrive on the grounds.

All stalls must be cleaned out before 7 a.m., so that refuse can be cleared away before the arrival of visitors.

All animals competing for prizes must be entered in the names of their *bona fide* owners or their duly authorized agents, except in the case of progeny which need not necessarily be the property of the exhibitor. Should doubts arise the Judges may require affidavits of ownership from the exhibitor.

In making entries, the owner's name and address in full, *the name of animal* (if named), and the age must be given.

In the class for Blood Horses, full pedigree, properly certified, must accompany the entry, or the number of registration in the Stud Book must be given on the entry form. In the classes for Clydesdale, Hackney, and Shire horses all animals must be registered in the Canadian Stud Books. No animals will be allowed to compete as pure bred unless they possess regular stud pedigrees.

A Canadian Bred Horse shall be understood to be a horse that is *foaled in Canada*.

No Horse will be allowed to compete in more than one class or section, except for the medal for the best horse or mare of any age in its class; for the special prizes in class fourteen, and in classes fifteen to twenty-one; in the sections for progeny; for prizes for speeding in the horse ring, and in sections one, two, three, four, five and six of class thirteen, horses entered in which may also compete in sections seven and eight of that class. Horses entered in class five, Hackneys, can also enter in class six for High Steppers.

No horse can compete as a single horse and also in a team, except where specified, as above.

No horse will be allowed a premium unless sound, except in the case of stallions and brood mares injured by accidents which do not lessen their usefulness, and in the speed classes.

Horses must be shown uncovered, and in such a manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out. In the Roadster, Carriage and Hackney classes, exhibitors should come prepared to show their horses in harness if required.

The Judges will commence their duties on the day specified for each class, but may continue their work during consecutive days at the discretion of the Horse Committee.

Exhibitors who may desire to take their horses home at night will be allowed to do so on depositing \$5 with the Secretary as a guarantee for the return of the animal next morning. If the horse is not returned by 10 a.m. the next day, the amount deposited will be forfeited to the Association.

All Horses must be brought out for judging or parade purposes whenever required by the Committee or their officials, and all prize winners must take part in the final parade on the last day of the Exhibition. Exhibitors, or their employees, not complying with this or any other rule shall forfeit all prizes awarded them and the right to exhibit at future exhibitions of the Association.

See also General Rules at front of Prize List.

All horses competing for Prizes must be on the grounds by **noon on Thursday, September 3rd**. Horses may, however, be brought to the grounds any time between the 29th August and date named above, for which stalls and fodder will be ready.

The Judges are authorized to award "Highly Commended" and "Commended" cards as additional prizes in any Section where the competition and exhibit is worthy.

Entries positively close August 8th.

In making entries, the owner's name and address in full, and the exact age of the animal, *and its name*, with registration number of the animal and name of dam and sire, must be given on the entry sheet, to appear in the catalogue.

Exhibitors must register their animals in sufficient time to be able to send in their registration number with their entry, otherwise it will not be accepted.

In the Shorthorn class the animals must be registered in the Dominion Short Horn Herd Book, in the Ayrshire class in the Dominion or Canadian Herd Book, in the Jersey class in either the American Jersey C. C. Register, or American Jersey Herd Book, and in the Holstein class in the Canadian Holstein Friesian Book. In other classes exhibitors, if required, must produce pedigrees at the time of exhibition, and the animals must be registered or be eligible for registration.

In the case of Grade Animals, to be entered as such, so much of pedigrees must be given as to show that they are at least half-bred.

Cows must be giving milk at the time of the Exhibition, or be evidently well gone in calf. All cows exhibited in the Dairy Classes must be milked dry after five o'clock on the morning of the day for judging. The Superintendent must see that this is done.

 All animals must be exhibited in the section set apart for their age. Younger animals will not be allowed to show in a section intended for older ones.

A catalogue will be published and numbers corresponding with those in the catalogue will be furnished exhibitors on their arrival at the grounds, and no animal will be allowed in the rings without having its number on.

A Silver Medal will be awarded the loft which takes the greatest number of prizes; a Bronze Medal to the loft taking the second highest; and a Diploma to the loft taking the third highest.

The following rules will govern the contest:—

1. All entries must be made with the secretaries of the various Homing Pigeon Associations when the birds are entered for each race, such Secretaries to hand a list of such entries, together with the entry fee for each bird competing, to the Secretary of the Industrial Exhibition, the day before each race is to be flown. Should this not be done the fly will not be recognized by the Industrial Exhibition Association.

2. Each Exhibitor must produce a certificate from the Secretary of his Club as proof of his birds having flown the respective distances, which certificate shall state the time made.

3. All birds must be flown on the same dates.

4. All birds must be liberated together, and home to the competitor's loft who enters them.

5. All competitors flying in any race must supply a reliable timer.

6. In case of any competitor's timer failing to appear at his appointed place, the competitor shall show his bird at the club-room of the Club under which he is flying, but shall not use any other conveyance than a street car, and two persons shall be appointed to find his time allowance. One of them shall enter the loft and the time shall be taken from there. They must do the distance as quickly as possible, using no other conveyance than above.

7. All birds flying in above races must return the same day before 7 p.m.

8. All birds entered for race must be countermarked by the President of the Club under which each competitor is flying.

A written declaration will be required from each prize taker that the cheese shown were made in the factory named. The latter also applies to creamery butter.

Any exhibitor misrepresenting as to dates or otherwise will forfeit any prize that may be awarded to him, her or them.

Any factory or manufacturer can compete in all sections, but no factory or manufacturer can compete under different names in the same section.

All butter competing for the prizes for creamery butter must be the product of an established creamery or butter factory.

All cheese and butter exhibited must be salted with some improved dairy salt, and with a view of securing a uniform salting of the butter exhibited, it is recommended that seven-eighths of an ounce of salt be used to each pound of butter.

The cheese will be judged by a scale of points as follows: Flavor, 35; Quality, 25; Texture, 15; Color, 15; Finish, 10; total, 100.

The butter will also be judged by a scale of points as follows: Flavor 40; Grain, 30; Color, 10; Salting, 15; and Finish, 5; total, 100. The judges will attach to each lot of butter exhibited the card of points awarded by them.

No brand or other distinguishing marks will be allowed on any of the boxes, tubs or crocks in which cheese and butter is exhibited, other than the entry ticket.

Exhibitors of Cheese and Butter will be entitled to receive the score card by the Judges, giving the number of points made by their exhibits, which, if not called for at time of Exhibition, will be mailed to them after it has closed.

Exhibitors in this Department who do not desire to come with their exhibits can address them to Mr. R. Lawson, Superintendent of the Dairy Department, Exhibition Grounds, Toronto, from whom they will receive every care and attention, and who will, if instructed by exhibitors, dispose of their cheese or butter at the highest possible prices and remit the amount received for the same at the close of the exhibition.

The cheese and butter exhibited at the Toronto Exhibition can always be sold on the spot at good prices. Not a pound of it need be taken home again. The butter is kept in large glass refrigerators constructed especially for the purpose, well supplied with ice.

The judging of butter will be done by one expert judge approved of by the Ontario Creameries' Association, and if possible one expert will judge the cheese.

All exhibits in the Dairy Department must be delivered and placed by noon on Wednesday, the 2nd Sept. The judging will commence at 9 a.m. on the 3rd Sept.

THE ONTARIO CREAMERIES' ASSOCIATION have again kindly made a grant of \$100 towards the prizes for creamery butter, in this Department, and the EASTERN and WESTERN DAIRYMEN'S ASSOCIATIONS \$50 each towards the prizes for cheese.

FRUIT, PLANTS AND FLOWERS, ETC.

Entries close Saturday, August 15th.

(Entrance Fee in this Department: Ten entries and under, 50 cents; over ten entries and up to twenty, \$1.00; over twenty entries, 5 cents each entry.)

The entries in this department will be exhibited in the Horticultural Hall, a building erected specially for the purpose.

Competitors can only make one entry and receive only one premium in each section.

All articles to be correctly named and properly labelled.

The names of exhibitors will not be allowed on the exhibits in Classes 74 and 75, Plants and Cut Flowers, etc., until the prizes have been awarded.

In arranging the fruits on the table, exhibitors will be required to place the varieties, as far as possible, in separate groups. When a certain number of varieties is specified, there must be neither more nor less. Premiums will be withheld if the samples are not worthy.

All plants and flowers in pots must be delivered and arranged on the tables by 10 a.m. on Tuesday, the 1st of September.

All fruit must be in the building by 11 p.m. on Monday, the 7th of September, and all not in by that time will be excluded, as judging will commence on Tuesday, the 8th September, at 9 a.m.

Cut Flowers must be delivered and arranged by 10 a.m. on Tuesday, September 8th.

Positively no exception will be made to the above rules as to the delivery of exhibits, and no excuse for non-delivery at the proper time will be accepted. Exhibits arriving late may, however, be placed on the tables, but will be debarred from competition.

All articles once in the Hall are under the control and subject to the order of the Committee or Superintendent in charge of the Department, and cannot be removed or withdrawn without permission. Plants which have been damaged can be removed and replaced by others, subject to the approval of the Committee. All persons may be excluded from the Hall, if the Superintendent of the Department sees fit, until the awards are made.

By a variety of fruit is meant an established variety, known as such to pomologists. New varieties, with only local names, are classed as seedlings.

Exhibitors must furnish the Superintendent of the Department, as soon as they arrive, with a list of their entries, so that proper space may be reserved.

Exhibitors are particularly requested, in order to avoid unnecessary labor, to enter only such articles as they intend to exhibit.

The Horticultural Hall will be closed at 6 p.m. on Friday, the 11th September, after which hour exhibitors will be allowed to remove their exhibits.

Entries positively close August 15th.
