FIRE DEPARTMENT.—The Company commenced business in October, 1861, as a Fire Office, and was called into existence, to modify the excessive rates demanded by the combined offices after the Great Fire in Tooley Street, London. The success which has attended the Company's operations has been such as fully to realize the most sanguine expectations of the Directors, and have induced them to extend their operations to Canada, where the General Agents are prepared to take proposals for Insurance against Loss by Fire of property of every description.

LIFE DEPARTMENT.—The marked preference shown for an Office which studies the interests of the Public, as well as of its proprietary, induced the Directors to transact Life Business, with the intention not to favour one class of Policy-holders at the expense of another, but, resolved that the same liberal views which have gained for the office the confidence of the public in its Fire branch, shall guide them in the management of the Life department, they extend to the Assured every benefit which science warrants, or experience suggests.

Among the benefits of this Company may be enumerated :—Moderate rates of Premium—Eighty per cent. of the profits divided amongst the Assured—Very liberal surrender value given after three years—Thirty days allowed for payment of Premiums, and further extension of time on easy terms—Unchallengeable Policies—Credit system—Service permitted in Volunteer Corps—Convenient and liberal terms, whereby no Policy need lapse through any temporary difficulty in the payment of a Premium.

PREFACE.

In presenting a new edition of the Toronto City Directory to the public, the Publisher desires here to acknowledge the uniform courtesy his agents have received at the hands of the citizens in giving information for, as well as patronage to the work.

Every effort has been made to obtain as great a degree of accuracy as possible, and although the work has been unavoidably delayed somewhat longer in the issue than was at first anticipated, its value is thereby enhanced as he has been enabled to procure the changes that always occur in the months of April and May, in the style of firms and places of residence.

The imperfect manner in which the houses are numbered, and the fact of there being several Streets of the same name, makes it a very difficult matter to arrive at that maximum of correctness that is at all times to be desired, and it is to be hoped that some steps will be taken by the City Corporation to have the houses re-numbered, and to find new names to some of the streets. Perhaps it would be as well here to state that since the work has been in press, the name of William Street west has been changed to that of Renfrew.

The book contains besides an Alphabetical Directory, Street Directory and Business Directory, an Appendix, where will be found much valuable information relating to this section of the Province as well as the City; and the publisher here begs to make his acknowledgements for the use he has made of W. C. Chewett & Co's. Almanac, and also to the officers of the various institutions and societies of the city, for the information they so kindly furnished him.

In conclusion he would beg the public indulgence for all errors, and gladly make corrections, and supply omissions in the next edition.

BRYANT, STRATTON & DAY'S

Commercial College,

KING STREET EAST, TORONTO,

FIRST DOOR EAST OF WESLEYAN BOOK ROOM.

Established in connection with Bryant, Stratton & Co.'s chain of International Commercial Colleges, located in eighteen of the largest cities of the United States and Canada.

DESIGN.

The purpose in establishing this institution is to furnish young men with the facilities of a Business Education, which will enable them to enter at once upon fields of usefulness and honor.

The tedious years of apprenticeship which, under the old system, was considered the only stepping-stone to remunerative positions, are epitomized into a few months of pleasant study, where the mind is trained not only to appreciate the minor details of business, but the grander principles which underlie the economy of life, and without which no business education can be considered complete.

The advantages possessed by such an institution over counting-house experience, in laying the deep foundations of a complete and symmetrical education, applicable to all the varied exigences of a business life, are many and indisputable.

First, the course of instruction is specially prepared to bring into proper relief those essential facts which in the usual processes of experience do not occur in such order or frequency as to be susceptible of being arranged into a system, or of establishing a logical sequence in the mind. Next, the various departments of business, with all the accessories, are so completely illustrated and enforced as to convey special and permanent instruction as to details in the matter of buying, selling, shipping, receiving and in all the processes of Commerce and Finance applicable to both inland and foreign trade.

COLLEGIATE COURSE.

The course of instruction in this College has direct reference to the requirements of business. The main branches pursued are: BOOK-KEEPING, in all its departments and applications.

COMMERCIAL LAW, including both the Law Merchant and such statutory regulations as pertain to questions of property and personal rights.

COMMERCIAL ARITHMETIC, embracing all subjects applied in business transactions, the great majority of which are either entirely omitted or very lightly and unsatisfactorily treated in the prevailing text-books of the day.

BUSINESS PENMANSHIP, upon the Spencerian basis, under the instruction of the best teachers of this system in the country.

BUSINESS CORRESPONDENCE, including the principles of English Composition, and such thorough practice in connection with the daily exercises as must secure the most satisfactory results.

Incidental instruction is also given in Political Economy, the Science of Government, the Customs of Business, etc. The modern languages and higher mathematics are taught when desired.

TELEGRAPHING.

The art of Telegraphing is coming daily more and more into use. Its mystic power already puts most of the important points of this great northern continent into instantaneous communication. Other lines are being established, creating a great demand for operators. This mysterious and subtle force, once comparatively unknown, save only as an object of superstition, is now controlled to perform errandry for man, and is even taught as a science in the Commercial College. The apparatus in this department is of the most complete description, there being two sets of instruments of the most approved pattern and manufacture. The Toronto Commercial College offers great facilities for acquiring a knowledge of this beautiful

art. This department is under the management of Mr. Ben. B. Toye, chief operator in the Office of the Montreal Telegraph Company, Toronto, and who, likewise, is one of the oldest and most experienced practical operators in Canada. Students become proficient in the art in a short time, and are enabled to telegraph readily. Those entering upon this branch of study may rely upon proper attention and thorough instruction. Students can enter upon this study at any time. Any student taking the Collegiate course will receive instruction in Telegraphing for $10. Those entering for Telegraphing only, $20.

GENERAL INFORMATION.

REGULATIONS.

Each student is admitted upon his own recognizance as a gentleman; he is treated as such, and is expected to consider himself, in all respects, responsible for his own acts. Having purchased a scholarship, which secures to him the necessary instruction to make him a thorough accountant, he is permitted to elect his time and place of attendance within the prescribed jurisdiction of the colleges; but it is expected of all students that they will observe all possible diligence and regularity in their attendance. The general discipline, while it does not descend to those minute and specific requirements which seem necessary in the conduct of schools more primary in their character, is, nevertheless, sufficiently strict and exacting to place the responsibility of the student's progress upon himself. A record of attendance is kept in connection with the recitations, and promptness, as far as may be, is required. The progress of each student in his course is regulated by such frequent and thorough examinations as shall be competent to satisfy the teachers in charge, and no student is permitted to pass from one division of his course to another without giving evidence of suitable proficiency.

Preparatory Education.—A fair knowledge of the ordinary English branches constitute a sufficient preparation for entering upon a Commercial Course.

Time of Commencement.—As there are no term divisions and no vacations, students can enter at any time and pursue their course as rapidly as their ability will admit.

Diplomas.—Those students, and those alone, who fulfil the prescribed course of study and pass the requisite examination, are entitled to the honors of graduation. Diplomas are awarded to all such, free of charge.

Employment.—It is for the interest, as it will ever be the pleasure, of the Principals and Teachers at these Colleges, to use their best exertions to obtain good situations for their graduates. In this they have, heretofore, been very successful; and while it is not our practice to hold out inducements in this direction, we hazard nothing in saying that we possess unusual facilities for securing desirable positions for competent young men.

Photograph and Portrait Gallery,

NEAR THE ST. LAWRENCE MARKET,

OVER FOSTER'S HARDWARE STORE, 145 KING ST. EAST,

TORONTO.

D. C. BUTCHART, PHOTOGRAPHER,

Most respectfully thanks his friends and the public for their liberal support during the last five years, and begs to inform them that in opening the above rooms he has spared neither trouble nor expense in making one of the Finest Lights for Photographic purposes that could possibly be obtained. Besides an excellent Light this gallery is very commodious, and being on the First Floor, is easy of access, a convenience which most parties feel when they must climb to the top of three and four story buildings to have their likenesses taken. With these advantages, and the assistance of an experienced operator who has been engaged, and a determination to send out no pictures unless satisfactory, there is every hope to merit a large share of public patronage.

Oil coloured Photographs, of any size, taken from life or copied and enlarged from other pictures, and finished in a superior style, at very low prices.

Get your Photographs taken at this Gallery, and then you will recommend your friends.

The prices are all fixed at the lowest rate for Cash, and will be strictly adhered to. NO CREDIT will be given in any case.

GALLERY OPEN DAILY, SUNDAYS EXCEPTED.

SOLICITOR,

THIS SOCIETY, IN ADDITION TO THE ORDINARY BUSINESS OF LIFE ASSURANCE, GRANTS BONDS OF INDEMNITY to Bankers, Merchants, Public Companies, Municipal Corporations and others in Canada, against losses occasioned by the dishonesty or infidelity of their employees.

This system of guarantee has been thoroughly tested, and is now generally adopted by the Mercantile and Commercial communities of Great Britain, and most of her dependencies; the various departments of the IMPERIAL GOVERNMENT, in addition, having been authorised by special Act of Parliament to accept the bonds of THIS SOCIETY ONLY.

The rates for Life Assurance are very moderate, whilst to those who are guaranteed a considerable reduction in the Life Premium is made, amounting to the entire guarantee premium in some instances, where the Life policy is double that of the guarantee policy.

Prospectuses, Forms of Proposals, and all information may be obtained from the Canada Head Office, Montreal, or

THE

"Leader" and "Patriot."

THE FAVOR with which the "LEADER" and "PATRIOT" newspapers have been received by the public, may be best judged by the fact that since their commencement they have steadily increased in circulation, until their several editions now have, by several thousand, more subscribers than any other paper in Canada. Every exertion is being made to make them more and more indispensable for every family in the Province.

THE DAILY LEADER

Is published every morning in time for the early trains, at

SIX DOLLARS PER ANNUM IN ADVANCE

It is a large sheet, and contains the earliest and most reliable intelligence from every part of the world.

THE SEMI-WEEKLY LEADER

Is published every Tuesday and Friday,

AT THREE DOLLARS PER ANNUM IN ADVANCE,

It contains all the reading matter of the Daily Leader, and for parties who do not reside near enough to the Post Office to call every day, this paper will supply them with all the intelligence of the Daily.

THE WEEKLY LEADER

Is published every Friday, and the Patriot or News of the Week is published every Wednesday, at the rate of

ONE DOLLAR IN ADVANCE.

These papers are printed on a large sheet, and contain the most important part of the reading matter of the Daily Leader. Market Reports are particularly attended to in them. These papers are the cheapest in the Province. One dollar a year is added to each of the above editions if not paid in advance. Any person sending the money for Five subscribers for any of the above editions will receive a copy free for one year.

TO ADVERTISERS.

The large circulation of the Leader makes it the very best medium for publishing notices of any kind. RATES—For Daily, four-pence a line for the first insertion; and one penny for each subsequent insertion. Weeklies (Leader & Patriot) six-pence a line each insertion.

JOB PRINTING.

For the Neatest, Cheapest, and Best JOB PRINTING go to the "LEADER" Office, Toronto.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letters bear a special direction, "By Canadian Packet," or "By British Packet," and in that case they are kept over for the packet designated. "By Canadian Mail" is not a distinctive superscription, for any mail for Canada is a "Canadian Mail," by whatever packet forwarded.

The charge for Registration, in addition to the Postage, is as follows, viz.,

HUGHES, BROTHERS, WHOLESALE WOOLLENS, KING STREET EAST.

Both the postage charge and registration fee must in all cases be prepaid.

Registration is not an absolute guarantee against the miscarriage or loss of a Letter, but a Registered Letter can be traced when an Unregistered Letter cannot, and the posting and delivery or non-delivery can be proven. A Registered Letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an Unregistered Letter.

The Tuition Fee is $10 for one Pupil, $9 each for two (brothers), $8 each for three (brothers); and the Fee for Boarders, inclusive of Tuition, is $45 per Term. The many improvements made in the arrangement of the College Boarding House have been found to add very materially to the comfort of the boarders. A large paved Ball Court and a Gymnasium, fitted up with the most approved modern appliances, and a spacious play-ground and cricket ground afford ample facilities for out-door exercise and amusement within the College bounds. The boarding house is conducted strictly as an integral part of the Institution, its disbursements paid out of, and its returns paid into, the general funds. Prizes of books and certificates of honor given every year to those who distinguish themselves in any of the subjects taught in the College. His Excellency the Governor General offers annually a valuable Prize of Books for the best examinations in the higher departments of the College Curriculum. At the Annual Public Examination in July, Exhibitions are competed for, varying in value from $120 to $40 per annum. Competition for them all is open to the Grammar Schools of the whole Province. More than 2,500 of the youth of the whole Province have received their education, in whole or in part, in Upper Canada College.
