SPEND MONEY TO MAKE MONEY.

IF A MERCHANT
makes 20c. on a $1.00 sale he
IS SATISFIED.
Why should not two dimes profit realised on a dollar's worth of advertising be equally satisfactory ?

SPEND MONEY TO MAKE MONEY.

The Business Man's Best Friend is the Printer.

O. L. FULLER, Advertising Agent, Montreal, Canada.

Full many an Ad. is born to cut a dash,
Finely changing ill to good, ill fortune into cash.

Unprinted thoughts, be they as happy as they may,
Unrequited die ; fashioned in an Ad. they live and pay.

Lighten life's burden of pecuniary crosses,
Live, advertise, and safe-guard business losses.

Lead, let others follow ; make money, never borrow ;
Lag not, but advertise ; let others shun the printer to their sorrow.

Easy to loose, but hard to get ; that's what custom is ;
Early learn to make it, and advertise your biz.

Rise with the times, to greater heights attain;
Rouse up, advertise, then advertise ; then advertise again.

O. L. FULLER, Directory Publisher, Montreal, Canada.

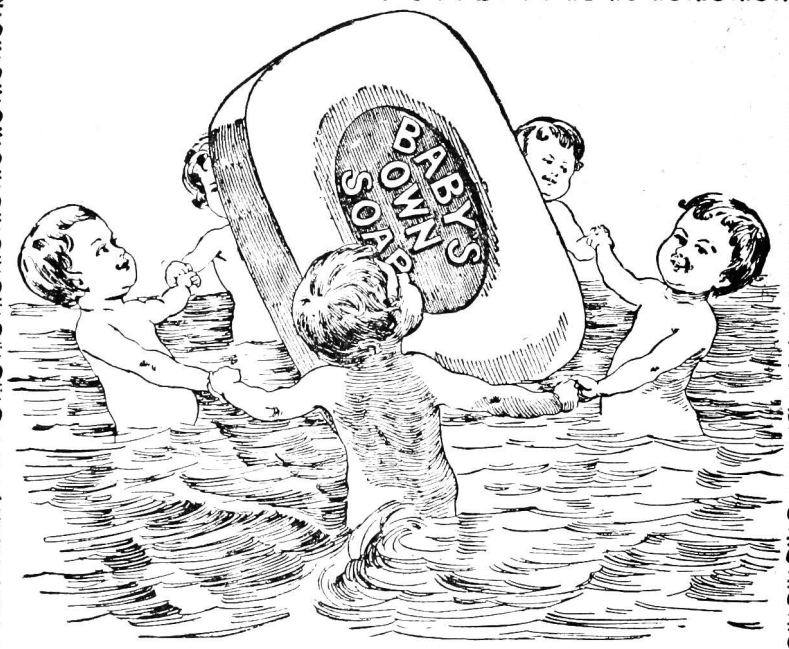
Spend Nothing, Make Nothing, Let Buyers Go Elsewhere.

NEVER ADVERTISE
unless you want the public to know that you are alive—and very much alive to up-to-date methods of business.

ALWAYS ADVERTISE
just to prove that you are in touch with the successful "Men of the Age," who know that to make money they must spend money.

SPEND MONEY TO MAKE MONEY

SPEND MONEY TO MAKE MONEY



THE DEAR LITTLE CHAPS—they feel "just lovely" after a bath with BABY'S OWN SOAP. No substitute will give their skin the exquisite softness, and freshness, and sweetness as this king of nursery soaps.

THE ALBERT TOILET SOAP CO., Manufacturers, Montreal.

CAUTION—Baby's skin will soon show the difference between it and many of its dangerous imitations.

B. LINDMAN, Prop.

The Canadian Office and School Furniture Co., Limited.

Preston, Ont., Nov. 26th, 1895

BERNARD LINDMAN, ESQ.,
Toronto.

Dear Sir,—It is now about three months ago since I first noticed that a cure of my rupture was being effected by the use of one of your Trusses, and now I am fully convinced that the cure is both complete and effectual. I have on several occasions within the last few weeks taken long walks without truss or support of any kind, and have every confidence that my rupture, which, as you are aware, was of a very severe description, is now permanently healed, and I can assure you that I feel deeply thankful for the beneficial results. I have already recommended your appliances to several of my friends similarly affected.

Yours very sincerely,

(Signed), J. H. MICKLER, Supt.

Rossin House Block,
Toronto, Ont.

B. LINDMAN, ESQ.,

Dear Sir,—I have been badly ruptured for the past nine years, and during that time have been fitted with many different kinds of trusses, manufactured not only in Canada but in the United States, without obtaining relief. On April 19, 1896, I purchased from you a Truss, being advised by a physician to do so, and I feel confident that I am now perfectly cured. I can assure you that I feel thankful for the results, and if you wish you can refer to me for reference.

Yours faithfully,

W. J. C. ALLEN,

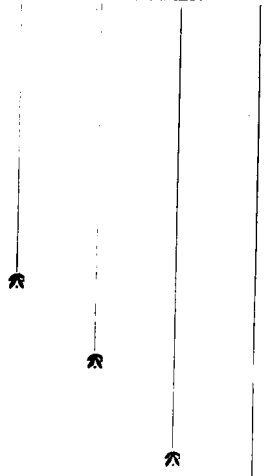
Country Merchants...



Are sometimes at a loss to know the best place to order their PRINTING, and are often imposed upon by those who are incapable of doing good work. In addition to our very large City trade, we are now making a specialty of Country Orders, and request a trial in order that our prices and the quality of our work may speak for themselves. If you should visit Montreal, call on us; or, if that is not convenient, write for samples and prices of the work you require, and it will receive our prompt attention . . . . .

CARDS, CIRCULARS, INVOICES, STATEMENTS, LETTER and NOTE HEADINGS,

MEMO HEADINGS, ADVERTISING FOLDERS, ORDER or DELIVERY BOOKS, &c., &c.

Got up in good style at reasonable prices, and satisfaction guaranteed.

We are also in a position to supply you with a High Grade of **ENVELOPES** at very low prices, as we handle more of those necessary articles than any other house in Montreal . . .

—OF THE—

ÆOLIAN VENTILATOR

THIS ventilator has proved itself to be superior to any that has been placed before the public. It has proved by the tests which have been made its adaptability for ventilating large buildings, closet rooms, vaults of churches, balk chimneys, schools, factories, stables, etc.

It is fitted with a screw on the inside, by means of which a constant current of air is established.

The chief feature of this ventilator is that its motive power is derived not only from the slightest current of air, but by the difference of temperature within and outside the building.

Every ventilator is guaranteed to give entire satisfaction.

Testimonials obtained on application.

The above cut shows a part of the interior of the ventilator.

Patented May 26th, 1894.

LOVELL'S

Gazetteer of British North America

Containing the Latest and Most Authentic Descriptions of over

8,900 CITIES, TOWNS, VILLAGES AND PLACES

In the Provinces of

ONTARIO, QUEBEC, NOVA SCOTIA, NEW BRUNSWICK, PRINCE EDWARD ISLAND MANITOBA, BRITISH COLUMBIA, THE NORTH-WEST TERRITORIES AND NEWFOUNDLAND.

And General Information drawn from Official Sources as to the Names, Locality, etc., of over

2,980 Lakes and Rivers, with a Table of Routes

Showing the proximity of the

Railroad Stations and Sea, Lake and River Ports to the Cities, Towns, Villages, etc., in the several Provinces.

The Gazetteer was first published by us in 1871, again in 1873, again, after revision, in 1884, and the present edition, after a thorough revision, in 1895.

Lord Aberdeen wrote, after receipt of a copy: "The work appears to be admirably adapted for purpose of reference, its arrangement being clear, and its scope such as to make it of eminently practical value."

The N. Y. *Journal of Commerce* says: "The book contains, aside from the Gazetteer proper, two features of great practical value to anyone travelling or shipping goods into British North America."

The N.Y. *World* says: "The railway and steamer route guide is something never attempted in the thorough manner of this guide."

The *Courier*, Manchester, England, says: "It is a volume teeming with interesting and useful information. The printing and arrangement of the work are highly satisfactory."

Mailed, post paid, on receipt of Price, $3.00.

ANNOUNCEMENT.

STRONG, PROSPEROUS AND PROGRESSIVE.

The Sun Life Assurance Co. of Canada.

NOTICE

To Policy Holders and Intending Insurers.

The Sun wrote during the year 1897 over **SIXTEEN MILLIONS** of New Business. This speaks in louder accents and with better effect than anything we could say. The insuring public know a good thing when they see it, so the above fact demonstrates where **THE SUN** stands in their estimation.

WHY does THE SUN lead the procession?

BECAUSE

1st—Its aim has always been to please its patrons, so that its fair dealing has become a topic of household conversation.

2nd—Because its promises to assurers have been of such a nature as to leave no doubt of their being fulfilled and their patrons satisfied.

3rd—Because for conciseness, clearness and liberality the Policy of The Sun Life is not surpassed, if indeed equalled, by that of any other company in the world.

The New Policy contains guaranteed Tables of Reserves, Loans and Paid-Up Assurance, so that the Policy-holder may determine for himself at any time the value of his Policy without consulting the Company.....

Insure Your Life in The Sun . . .

PREFACE.

THE PUBLISHERS have must pleasure in presenting this Directory to its numerous patrons, and trust that it will be found, alike by them and the public generally, a reliable index to the manufacturing, business, legal and agricultural interests throughout the section of country to which it belongs.

THE greatest care has been taken to render the work complete and accurate in all its details, and it is confidently believed that it will be found reliable. To the press, the many gentlemen who kindly furnished the publishers with much useful and interesting information, and the manufacturers, professional and business men and farming community for the generous support they so liberally bestowed upon the undertaking, the publishers beg to tender their sincere acknowledgments.

JOHN LOVELL & SON.

TEES & CO.

300 St. James St.

MONTREAL

MONTREAL

A city in Hochelaga co., Que., the commercial metropolis of Canada, and the largest city in the Dominion. It is situated on the south side of the island of Montreal at the head of the St. Lawrence ocean navigation and the commencement of inland navigation. It is, of course, connected by rail with all points of importance in America, being the headquarters of the Canadian Pacific and Grand Trunk Railways, and being a terminus of several others.

The city is between the mountain and the St. Lawrence, here about 2 miles wide, and is 986 miles from the Straits of Belle Isle and 457 miles from New York by the Champlain system of navigation. It is 993 miles by water from Port Arthur, at the head of Lake Superior, with which it is connected by the finest canal system in the world. It is divided into 9 wards, and has over 200 miles of streets and lanes. Of recent years vast sums have been expended in enlargement and improvement of the streets, and now they will compare favorably with those of any other city on this continent. The principal streets have large well built edifices, constructed chiefly of limestone quarried nead the city. These buildings, combined with the effect of the lofty towers and spires, give the city a very imposing appearance when viewed from a distance. Notre Dame is the main street, running on the centre of the ridge on which the city is built, but St. James street is wider and more elegant.

The city is well supplied with water, electricity, electric lights and gas, and has one of the finest electric street railways on the continent.

The principal public buildings are the City Hall, Court House, Post Office, Custom House, Seminary of St. Sulpice, Grey Nunnery, Montreal College, McGill University, St. Mary's College, Young Men's Christian Association, Academy of Music, Queen's Theatre, Theatre Royal, Victoria Skating Rink, Protestant House of Industry and Refuge, St. Bridget's House of Refuge, Protestant Orphan Asylum, Deaf and Dumb Asylums (Protestant and Catholic), the Hotel Dieu, Ladies' Benevolent Institution, Female Home, Protestant Infants' Home, Nordheimer's Hall, Mechanics' Hall, Sailors' Institute, St. George's Home, St. Andrew's Home, St. James's Club, Windsor Hotel, New York Life building, Temple building, Royal Insurance building, Imperial building, Art Gallery, Royal Victoria Hospital, Montreal Telegraph office, Canada Life building, etc., and 8 markets, including the Bonsecours, a magnificent pile with a lofty dome, fronting the river. There are also a Society of Natural History, Mechanics' Institute, Board of Trade, Corn Exchange, etc., and 25 Roman Catholic churches, 33 Roman Catholic chapels, 58 Protestant churches and 29 Protestant chapels, 4 synagogues, 23 convents and monasteries, 4 Roman Catholic and 8 Protestant hospitals. The Cathedral of Notre Dame is capable of containing from 10,000 to 12,000 persons. It is 255 feet long and 145 feet broad, with two towers 220 feet in height. In the north-east tower is a fine chime of bells, and in the north-west is a bell weighing 3000 tons. Christ Church Cathedral is the most perfect specimen of Gothic architecture in America. It is built of Montreal limestone with Caën stone dressings, obtained from Normandy. The Church of the Gesu, a

very imposing edifice, is 230 feet long and 102 feet wide, with a transept 152 feet long, and will accommodate 4500 persons. The walls and ceiling of the interior are beautifully frescoed. Another magnificent pile is the St. James Roman Catholic Cathedral. It is after a model of St. Peter's in Rome; and one of the finest ecclesiastical edifices on this continent. Trinity, St. George, St. Andrew, St. Paul, St. James' Methodist, and the majority of the other churches are all exceedingly handsome edifices, and add much to the beauty of the city. It has about 50 mills, over 300 factories, 100 insurance companies, 40 newspapers and periodicals.

The largest banking houses in the Dominion have their head offices in Montreal, are mostly situated in Place d'Armes and St. James street, and consist of very handsome and costly structures.

The harbor of Montreal, which is formed towards the St. Lawrence, is secure, and the quays are unsurpassed by those of any city in America. Built of limestone, and uniting with the locks and cut stone wharves of the Lachine canal, they present, for several miles, a display of continuous masonry which has few parallels. No unsightly warehouses disfigure the river side, a broad terrace, faced with limestone, the parapets of which are raised by a temporary dyke, soon to be removed, divides the city from the river throughout its whole extent. Improvements in the harbor are yearly being made to accommodate the large increase of shipping, and a large guard wall is being built to enclose the harbor from the Victoria bridge downward.

Among the manufactories of Montreal are foundries of cast iron, distilleries, breweries, sugar refineries, soap and candle works, manufactories of hardware (including excellent cutlery), carriages and sleighs, corn brooms, woodenware of every description, glass, paints and drugs, edge tools, locomotives, steam engines, boilers. India rubber goods, printing presses, agricultural implements, musical instruments, paper, rope, sewing machines, types, pins, tobacco, woollen and cotton goods, boots and shoes, etc., etc. There are besides saw and flouring mills, rolling mills, lead works, brass foundries, and many other industrial establishments

Montreal is the seat of the Grand Trunk and of the Canadian Pacific Railways. The head offices and chief works of the former are at Point St. Charles, a suburb in the western part of the city. The Victoria bridge here spans the River St. Lawrence. The first stone of this great masterpiece of Stevenson was laid July 20, 1854, and the first train crossed over it December 19, 1859. It is 9,184 lineal feet in length—24 spans of 242 feet each, and one, the centre, 60 feet above the river, of 330 feet. The bridge cost nearly $7,000,000. Near Lachine, the C. P. R. bridge crosses the St. Lawrence.

The educational means of the city comprise McGill University with faculties of medicine, arts, applied science, law and comparative medicine, open to persons of all religious denominations; Roman Catholic, Wesleyan, Presbyterian, Methodist and Anglican Theological colleges, 1 Jesuit college, 1 High School, 2 Normal Schools, several classical and scientific academies, and a number of private and public schools; also 2 affiliated medical colleges, one to Bishop's College, Lennoxville, and another to Laval University, Quebec.

Montreal returns 5 members to the House of Commons and 6 to the Provincial Legislature. It is the seat of the See of the Anglican Bishop of Montreal, and of the See of the Ro-

man Catholic Archbishop of Montreal. The climate in summer is hot, often reaching 90 degrees in the shade; and the winters are sometimes severe, the temperature ranging very often from zero to 10 and even 30 degrees below it. Pop. in 1851, 37,715; 1861, 90,323; and in 1871, 107,225—composed chiefly of French Canadians, English, Irish and Scotch. The population in 1891 was 216,650, and in 1895, if the surrounding suburbs are included, about 300,000.

The following table shows the various religious denominations in Montreal in 1891:—

Roman Catholics	162,984
Church of England	21,695
Presbyterians	16,324
Methodists	7,859
Baptists	1,730
Congregationalists	893
Unitarians	455
Jews	2,460
Lutherans	532
Brethren	274
Universalists	20
Quakers	5
Not given	429
Other denominations	1,000
Total	216,650

The two oldest churches in Montreal are the Bonsecours (Roman Catholic) and St. Gabriel (Church of Scotland). The former was erected in 1658; was burnt in 1764, but rebuilt in 1771. The latter was built in 1792. Montreal was visited by smallpox in 1885. In 1887, Sir Donald A. Smith (now Lord Strathcona) and Sir George (now Lord Mount) Stephen presented the Royal Victoria Hospital to the city. In 1894, for the first time in many years a governor general took up his residence here for several months during the winter.

ROBERTSON'S
Roller Composition

IN 2½ LB. CAKES.

The old reliable "**ESTELLE**" Brand, first-class in every respect, not easily affected by changes in temperature.

35c per pound.

IN 7 LB. CAKES.

The "**PEERLESS**" Brand is of extra fine quality, suitable for the very finest work.

40c per lb.

BOTH BRANDS ARE WARRANTED TO GIVE SATISFACTION.

I guarantee all Rollers made by me to be free from pinholes, solid and smooth.

My Rollers are machine-cast, the composition being forced in at the bottom of the moulds, thereby insuring perfect and solid Rollers.

Casting Rollers, 5c. per lb. extra.

Cores and Roller Boxes furnished to order.

J. S. ROBERTSON,

Glass and China Ware a Leading Business for the Tea and Coffee Trade.

QUEBEC

The capital of the Province of Quebec, is situated on the left bank of the River St. Lawrence, which here receives the St. Charles, 400 miles from the mouth of the River St. Lawrence, at Point des Monts, 180 miles north-east of Montreal, and 328 miles north north-west of Portland, Me.

The city has a remarkably picturesque situation between the two rivers at the north-east extremity of a narrow but elevated table land, which for about 8 miles forms the left bank of the St. Lawrence. Cape Diamond, the extremity of the table land, is 333 feet above the level of the river, to which it presents a nearly precipitous face; the descent to the River St. Charles is more gradual. The distance from one river to the other across the ridge is rather more than a mile. Opposite Cape Diamond the St. Lawrence is contracted to a breadth of only 1314 yards; but immediately below, at the confluence of the St. Charles, it spreads out into a broad and beautiful basin more than 2500 yards wide, forming a capacious and excellent harbor. The spring tides rise and fall 18 feet.

Quebec is divided into two parts, called Upper and Lower towns. The Upper Town occupies the highest part of the promontory; it is surrounded with walls, and otherwise fortified. The ancient citadel, which crowns the summit of Cape Diamond, covers, with its numerous works, an area of 40 acres, and from its position is probably the strongest fortress in America.

The chief ascents to the Upper Town are by a steep and narrow winding street and by a flight of steps.

Among the public buildings of Quebec may be mentioned the Parliament Buildings, the Drill Shed on Grande Allee, the Roman Catholic Cathedral, an irregular building, capable of containing 4000 persons, and covering, with the university attached, an area of 8 acres; the English Cathedral, surmounted by a lofty spire; St. Matthew's Anglican church, which has a lofty spire and a beautiful chime of bells. St. John's Roman Catholic church, also on St. John st., adorned with a lofty spire, is a handsome and costly church, occupying elevated positions in the Upper Town.

There are in all 28 churches in Quebec, and 1 Synagogue. Of the churches, 5 are Church of England, 16 Roman Catholic, 2 Presbyterian, 1 Baptist, and 2 Wesleyan Methodist.

The educational institutions comprise 3 Roman Catholic colleges, viz.: Laval University, with faculties of law, medicine and arts; the Grand Seminary, and the Minor Seminary; the Ursuline convent, an extensive establishment founded in 1641; several nunneries; Morrin College, with 10 professors; Laval Normal and Model School; the Quebec High School; and a number of academies and private and public schools. There are, in addition, the Canadian Institute, provided with library and reading room; the Literary and Historical Society, the oldest chartered institution of the kind in Canada, having been founded in 1824, and possessing valuable "Records of the Realm," in 80 or 90 folios, and a large collection of historical manuscripts, but nearly the whole of its museum and a great part of its library were destroyed by fire with

the Parliament Buildings in 1854; the Entomological Society, St. Patrick's Literary Institute, Advocates' Library, Board of Trade, and Merchants' Exchange.

Seven daily newspapers are published in Quebec, 4 of which are in the French language.

The principal benevolent institutions are the Hotel Dieu, the General Hospital, Jeffrey Hale Hospital and the Lunatic Asylum at Beauport.

Quebec has the head offices of 3 banks, viz.: Quebec Bank, Banque Nationale and Union Bank of Canada, besides which there are 2 savings banks, and agencies of the Bank of Montreal, Merchants' Bank, Bank of British North America, and Banque Jacques Cartier.

The manufacture of boots and shoes is the chief industry of Quebec. There are also manufactories of iron castings, machinery, cutlery, nails, leather, musical instruments, paper, India rubber goods, rope, tobacco, steel, etc.

Quebec returns three members to the House of Commons and three to the Provincial Legislature. It is the seat of the See of two bishops, the Lord Bishop of Quebec (Church of England) and Cardinal Archbishop of Quebec (Church of Rome). Pop. in 1832, 27,562; in 1844, 34,500; in 1852, 42,052; in 1861, 51,100; in 1871, 59,699; and in 1891, 63,090; 1896, 67,000.

MEMPHREMAGOG LAKE.

"The Geneva of Canada," is situated partly in the counties of Brome and Stanstead, and partly in the State of Vermont, a few miles west of Massawippi. Length 30 miles (of which 8 miles are in Vermont); breadth from 1 to 4 miles. The bosom of the lake is everywhere studded with islands, generally covered with trees to the water's edge.

AS A PREVENTIVE OF DISEASE
ABBEY'S EFFERVESCENT SALT
IS WITHOUT EQUAL.

The surrounding scenery is exceedingly picturesque. Along its western shore are several mountains, prominent among which are "Owl's Head" (which rises 2,500 feet above the lake, and from the summit of which a grand panoramic view is to be had), "Elephantis" and the Sugar Loaf. The eastern shore, with its gentle slopes and cultivated farms, presents a pleasing contrast to the bold, mountainous aspect of the western. The lake empties itself into the beautiful River St. Francis at Sherbrooke, by means of the River Magog. At the outlet of the lake is the pretty village of Magog, and at its head stands Newport. During the summer months a steamer of large tonnage runs between these two places. The lakeside is dotted with the summer residences of many Montrealers. An abundance of lake trout, "lunge," is to be found in the lake, also pickerel and whitefish. The Indian name of Lake Memphremagog is "Memplowbowque," signifying beautiful water.

MILETTA.

A post settlement in Stanstead co., Que., on the C. P. R.

MURRAY D., postmaster and farmer.

Sherbrooke Marble Works

BY

GEO. AYER

Dealer in Marble and Granite Monuments

Headstone, Tablets, Posts, Coping, Iron Fencing, &c., &c.

I keep constantly on hand for sale at my place of business, corner of Market and Factory Streets, a large and well selected stock of finished work of various kinds, and am prepared to supply anything in the Marble and Granite line that I do not keep in stock on short notice. Prices as low as is consistent with first class work.

All in want of anything in my line will find it to their advantage to call on me and get prices before buying elsewhere.

GEO. AYER.

ABBEY'S
Effervescent Salt

Bachand Ludger, cheese factory
DECELLES LOUIS, postmaster
Decelles Nazaire, veterinary surgeon
Dion Joseph P., blacksmith
Lefebvre Louis, mason
Libby W. Henry, carpenter

ST. FRANCIS.

A river of Quebec, rises in Lake St. Francis, in Wolfe co., and having received many tributaries (the Salmon, the Eaton, the Coaticook, the Massawippi and the Magog) reaches the town of Sherbrooke; thence it winds through a highly picturesque country, and finally empties into the St. Lawrence at Lake St. Peter. Total course about 100 miles. Its navigation is interrupted by falls and rapids. It is studded with many fine islands, some of them well cultivated, and abounds with many kinds of fish, such as black bass, maskinonge, pike, sturgeon, etc. The following lakes are on the St. Francis: Lake Louisa, in the Township of Weedon, about 5 miles long by 3 wide; Lake Aylmer, 8 miles by 3; and Lake St. Francis, 15 miles by 4; there are many small lakes close by those waters, and they all abound in fish of large size—maskinonge, sturgeon, bass, pickerel, whitefish and eels; but no trout are to be found.

ST. FRANCOIS XAVIER DE BROMPTON.

A post village in Richmond co., Que., 3 miles from Windsor Mills, on the G. T. R. It contains 3 stores, 1 saw mill, and 1 cheese factory. Pop. 150.

ST. JOHNS.

A delightfully situated town of Quebec, *chef-lieu* of the district of Iberville, on the Richelieu River, 27 miles from Montreal. It contains besides the district and county buildings, churches for the Episcopalians, Methodists and Roman Catholics, the head office of the St. Johns Bank, branch of the Merchants Bank of Canada, hotels and about 100 stores. The works of the Corticelli Silk Co., Standard Drain Pipe Co., Canada Stone Chinaware Co., Dominion Sanitary Pottery Co., Molleur's straw hat factory and Campbell & Purvis' pottery have their factories and offices here, and there are also several other industries. The town is lighted with electricity, and has an admirable system of water works. No. 3 Company Royal Regiment Canadian Infantry is stationed here. One semi-weekly newsspaper is published, *The News* (having six distinct editions) in English, and 2 weeklies, *Le Canada Francais* and *Le Courrier de St. Jean*, in French. Four railways enter St. Johns, the G. T. R. between Montreal and Rouses Point, the C. P. R. between Montreal and Boston, the C. V. R. and the Delaware & Hudson. St. Johns has a large trade in lumber, grain and country produce. It is connected with Iberville on the opposite side of the Richelieu by a fine bridge. Population 5122.

Grind your Feed

with a "Joliette" Grinder

WE have a machine for **$40.00** that, with **2 H. P.**, will grind 15 bush. per hour and do the work better than any other grinder on the market. Special sizes for mills.

Our **SUB SOIL LANCE** is the only instrument of the kind in use that may be attached to any plough and do effective work . . . . . .

THE PRICE IS ONLY $5.00

If you want to save time, money and labor, try the **VESSOT FERTILIZER DISTRIBUTOR**. It is the greatest hand machine for this work ever invented.

IT WILL COST YOU $5.00

ASCOT TOWNSHIP

SHERBROOKE COUNTY

All names not otherwise designated are understood to be Farmers and are Owners unless marked Tenant.

The letters f. s. after the name signify Farmer's son ; t., Tenant.

The first column of figures gives the Range ; the second the Lot.

THE REFRIGERANT QUALITIES OF **ABBEY'S**

Effervescent Salt

make it invaluable in Fevers and many Inflammatory Affections.

ORFORD TOWNSHIP

SHERBROOKE COUNTY

All names not otherwise designated are understood to be Farmers, and are Owners unless marked Tenant.

The letters f. s. after the name signify Farmer's Son ; the letter t, Tenant.

The first column of figures gives the Range ; the second the Lot.

BARFORD TOWNSHIP

STANSTEAD COUNTY

All names not otherwise designated are understood to be Farmers, and are Owners unless marked Tenants.

The letters f. s. after the name signify Farmer's Son; the letter t., Tenant.

The first column of figures gives the Range; the second the Lot.

STANSTEAD TOWNSHIP

STANSTEAD COUNTY

All names not otherwise designated are understood to be Farmers, and are Owners unless marked Tenants.

The letters f. s. after the names signify Farmer's Son; the letter t., Tenant.

The first column of figures gives the Range; the second the Lot.
