Vol. 5 No. 1

WARD'S ISLAND, TORONTO

June 25, 1921

## PRESIDENT'S REMARKS

June 21st, 1921.

Greetings to all:—

We welcome you to our Island and trust that the season of 1921 will be one of the most enjoyable summers that you have yet had. The Executive Committee of the Ward's Island Association has arranged a programme that we hope will be enjoyed by all. We invite you to participate in the various events and to co-operate with us in endeavoring to maintain the splendid name that our predecessors in office have worked for.

Co-operation is necessary to make the Association a real success, remembering that while your officers have striven to cater to your requirements, yet without your aid they can do nothing.

We invite the assistance of the Juniors in maintaining the Park and our property in collecting broken glass, preserving our street lights, and in general to do for others as we would have others do for us. The programme of events has been put in complete form and you should take part. You will find

the chairmen of the various committees glad to welcome you. Come out, anyway, if only to encourage by your presence, the ball players, bowlers, sailors, tennis players, quilters, etc., etc. The dance and entertainments will be particularly attractive.

Your executive welcomes suggestions and will give them careful consideration.

Just a word as to the objects of our Association. We endeavor at all times to promote the best interests of this, the garden spot for Canada, and as machinery needs oil so does our Association need money. By glancing over the financial statement which will be published in the next issue, we trust that you will readily

understand the magnitude of the work devolving on those whom you elect. It is indeed most encouraging to note the splendid response from the bowlers for extra funds to provide a fair green at a reasonable fee, and for your information we beg to state that all monies collected for any particular object are to

The non-sagging springs are rust proofed to withstand changing climatic conditions. See the Farabed. Let it lend to your place a cozy, comfortable appearance. Any dealer will be glad to demonstrate it—and deliver it right to your summer place.

be kept strictly for that object and not used for any other purpose unless the chairman of that particular sport consents to its transfer.

A tribute to the Dance Committee, the work of Mr. Harry Hudson and his assistants, is indeed very much appreciated. We trust that each Islander will show his appreciation by assisting in maintaining the splendid decorations that have been put up in the shelter.

As your President, I would call your attention to this, the first issue of the Weekly. We have an excellent committee working on this, the chairman being Mr. Gordon Lemon. He is a real, practical man in this business, and is, therefore, quite at home in attending to the advertising. He has planned to put in as many pages of reading matter as we have advertisements. You can greatly assist him by giving him any item of real news. I will greatly appreciate if you will use your best endeavors along this line.

We wish you one and all a pleasant summer.

Yours sincerely,

H. R. ADAMS.

Eddies seems to improve with each season. Wonder how old that bird is anyway? He played with the "big" fellows years ago.

Ernie Williams looked mighty sweet in right against the City Hall bunch. He looked even better at bat. A homer, double and a single is pretty fair pickin'.

### BOWL EXCHANGED

Someone inadvertently picked up a wrong bowl on our green at the end of last season. As a consequence, Alex. Sinclair is now in possession of two odd bowls—one small one and his own, a large one.

His lost bowl was a heavy Jacques—black, with white spots; no initials, but a scroll running around the spots. Will all bowlers who used non-initialled black bowls last season please examine theirs carefully, so that Alex. may get his own back, and return the odd bowl now in his possession?

### SENIOR LADIES.

Bowling and base ball schedules will be drawn up and games started the first week in July. All ladies wishing to play, who have not handed in their names, will they please do so immediately?

A meeting of Ward's Island ladies will shortly be called to make arrangements and select a committee to co-operate with the executive in planning a garden fete, to be held the first week in August. The attendance and unanimous co-operation of every lady on the Island will be greatly appreciated. Watch the notice board for date of meeting.

The new courts down near the lake front help some.

The following Committee have agreed to act for this season: E. A. Lye, E. Tolley, R. Greeniaus, E. Ball, Chairman.

#### OFF TO A GOOD START.

The bowling season opened on Saturday, with a match between President Bert Adams and Past President J. G. Wilson. The President's rinks won out. The green is looking well and is getting better all the time. There is no doubt in time we will have the real thing. Late in the evening Cameron and A. Ball were practising on the green, when they took on S. McBride and E. Ball, and the score at the finished favored the Camerons by 25 to 7. So ended the first lesson.

#### SAVE THEM FOR THE BOYS.

If Ward Islanders wish to stand in strong with our boys, they will be thoughtful enough when purchasing Cowan's Royal Milk Cakes or Almond Bars, to hand the inserts that come in these bars to the lads who are saving them. Bulmer's keep a fresh stock of Cowan's Bars at all times. Ask for "Cowan's" and be sure of satisfaction.

## EDITORIAL

### THE FIRST ISSUE

In past years Bill Gregory and Jim Wilson have spent a lot of time writing up material to make the WEEKLY a real live interesting paper for us. But they have always had difficulty in getting anybody else to send in "dope." This should not be. Ward's Island Weekly belongs to every member of the W. I. A. Therefore, everyone should do something to help it along—and not leave all the work to two or three.

If anything happens that you hear

about or see, let us know. If you have a suggestion to offer send it in. If you can write a story, let us have it. If there is an afternoon tea among the ladies, an entertainment or a card party, jot down the particulars.

As usual, the first edition has been left to the Executive to contribute everything. You have something in the next number. It will be out July first. Copy is required to be in not later than June 27th. Hand it to Harry Tasker, or to any member of the Executive.

## WHERE DO YOU SPEND YOUR MONEY?

The advertisers in this issue of the Weekly are making a bid for your business. They spend their money with us because they want us to spend our money with them. They are people whom you know. They offer Ward's Islanders the best prices and the best service. When you buy something think of these advertisers in Ward's Island Weekly. Remember, too, that if it was not for them we would have no Ward's Island Weekly.

## THIS MUST BE CLEAN-UP YEAR.

Those of us who started to move to the Island as early as last April, notice a big difference in the appearance of the place between then and now.

Everything seemed messy then. And it was. Of course, no tents were up—nothing but the 1920 palatial verandahs standing alone as though they needed as much support as used to be afforded the 1915 fellow who got along to about the time of the 13th drink and had determined to go home to his dear wife. There were lots of leaves on dirty tent floors then, a lot of shacks (excuse us) all boarded up to keep out many elements, including light fingered artists.

Look at the place now! Fresh and clean looking. Everywhere we go we see bright verandahs, clean yards, flowers and other evidences of hard work. The Shelter is a picture. This surely must be clean-up year.

Dingbats and Elks—We heard Art after this game most appealing and pathetic in "O Bob, give me strength." Dick Haviland was added to his team. It was also remarked that he had lost his taste for "weiners."

City Hall and Ward's—The performance of the younger players on Saturday night demands that they all be given every opportunity possible to make the Island Representative Team. The old birds, however, are sure to make the former hustle with a few more workouts.

On Thursday, the 2nd of June, one of our old wise Benedicts, vintage 10 years (more or less), was aroused from a peaceful slumber by the activities of an excess abundance of baseball pep.

The temporary return of Bachelor energy prompted the formation of a ball team, which, when gathered

together, threatened to silence the chirping Bachelor younger set for all time to come.

However, those of the Home Lovers' Union decorated the diamond at 7.15, and the result must pass into history under the title of "The Last Stand of the Direlects."

By the way, the manner in which this game was arranged makes it appear as a "frame up" to attack the Spooner's Club unawares, as the single men were apparently not notified of the game till 6.30 on the night of play.

However, good old faithful Sam Clark, who, by all the laws of grace and beauty, should be playing with the Benedicts, sent up an S.O.S. retaliation to relieve the situation, and by zero hour had gathered together a formidable crew worthy of representing any of our Islands in the fray of baseball much to the surprise and discomfort of the married men.

However, the battle was on with the young birds getting the jump of four

runs in the second spasm only to be headed off by the enemy in the fourth with a bundle of hits, assisted by errors, for a total by the score-keeper and adding machine of five runs.

About the sixth innings the dope got to working on the wrong team, one batted, "the old grey mare lost its rider," and the married ladies tore up their (Hillcrest) tickets.

After the dust had cleared away our custodian of implements wearily gathered up his tools, took one sly dis gusting glance at an adverse score of 20-13, and another Alibi Club was in the making.

The combination officiating at the League opening ceremonies was of rare quality, consisting of our President, Mr. H. R. Adams a pitcher, Dad Lowrey at bat, with Eckie Staughton receiving, being the oldest and youngest active ball players on the Island. As a speaker our President is goo, but as a pitcher he could more easily qualify as skipper for Shorty Tait's clipper.

Budding ball players, did you note how Sam and Black gathered that old ball every time it flew their way on Saturday? Ernie Lye, also note—but no fish nets, mind.

The bunch that played on the same team as "Fat" Williams last year were out to get his scalp the other night. They wanted to find out why he didn't plug out a homer, a triple or a single or two last year in the pinches. Al Peirce wishes Fat had got them out of his system last year, too.

Phone Main 3959

The schedule this year consists of two series, the first of which ends on the 14th of July, when a winner will be declared and the second series started as soon thereafter as possible. Already a few closely contested and exciting games have been pulled off to say nothing of the surprises attending also, any many more are promised for the future. The teams seem to be fairly well balanced, although those favored with the younger talent appear to have the edge at present. Wait till the old girds get the kinks worked out and their eye on the ball, then the squabs will have to hustle. We all appreciate the new screen and scoreboard, the former being erected by the city at the request of your Executive, and the latter donated by Mr. Frank Willis and Mr. Frank Corin. The present position of the scoreboard is only temporary, and we welcome your suggestions on a permanent location.

It is now approaching the opening of the Inter-Island League, and as yet we have been unable to practise our representative team owing to the scheduled games being late in starting. We therefore solicit the co-operation of all the ball players in our efforts to start the game on time by reporting to your captain not later than 7 o'clock. You can also assist by leaving and returning quickly to your position between innings. This will enable us to work out our Island team regularly after the schedule games. We hear from Centre and Hanlan's that they both have been strengthened, and do not anticipate any difficulty in trimming Ward's this year. Let every ball player help to keep Ward's on top. You will no doubt be glad to hear that there are yet a few more improvements expected for the diamond, such as the removal of fire hydrant and top dressing of infield, both of which have been promised and will likely be completed within the next week or ten days.

Did it ever occur to you that our umpires are not outside paid officials, but members of our Association, offering

their services gratis in order to furnish sport for both players and spectators alike? They have no reason to call a play other than as it appears to them, and if their decision does not meet with your approval, does not their position demand some consideration before voicing your critical views which at times become rather severe and of a cutting nature? Remember, he has probably seen something in a play that escaped your notice to influence his decision one way or another, and is therefore entitled to the benefit of the doubt. Ride the players, but respect and appreciate the umpire's services.

### JUNIOR BASEBALL.

The junior series under the supervision of "Dad" Lowrey, got away to a flying start this week, when the "Bolshies," captained by Chuck Poole, and the "Soviets," captained by Bill Staughton, played a nexhibition game. With the exception of one innings it was a very good game, and went to show that there are several of the juniors just about ripe enough for senior company. Their playing and good sporting spirit was a very pleasant feature. Among those deserving special mention was the ever aggressive "Eck" Staughton, whose throwing to the bases wa sa tret to watch, as was also the fielding and throwing of Freddie Mottram, with his old reliable left hand. Running them a close second was Wilf Cutler and Carter.

Last team mentioned in schedule (at Home) winners of first series to play off with winners of second series best of three games.

Through the untiring efforts of a special committee appointed by your Executive, Ward's Islanders are this year in possession of two cinder tennis courts. These courts have been installed in the orchard, back of the bowling green, and when equipped with complete new outfits, including back stops, will give the Islanders an opportunity of playing tennis as it should be played.

The tournament games are to start July 1st. All players who have not already given in their names, please leave with Mr. Tasker at the office.

Members requiring tennis rackets, sporting goods, etc., see your chairman, as arrangements have been made with two of the leading sporting goods firms whereby Ward's Islanders are given a club rate when goods are purchased through your Association.

Tennis balls when ordered in six dozen lots can be purchased 30c. cheaper on the pair. If players requiring tennis balls will leave their names at the office it is just possible that this saving can be effected for all members.

A few rules that must be strictly adhered to:

1. Only members of the Ward's Island Association will be allowed the use of tennis equipment.

2. All courts are to be used for playing doubles, except when sufficient players are not available except when same can be used for singles, but only until such time as members of the Association present themselves, then players must immediately choose partners for doubles.

3. Owing to the large number of people expressing their desire to play tennis this year we have found it necessary to put a time limit of 30 minutes for each set in order that everyone may enjoy the game.

4. All players must wear rubber-soled shoes, boots are debarred from courts.

## TENNIS NOTES.

"Shorty" Haase is one great fellow. Every tennis player on the Island says so. "Shorty" has done wonders this season; and he is always ready to help a fellow put up a net, drive down a peg, or get the odd post, whether he is playing with the score 7 all or whether he is home helping his wife do the dishes. All tennis players should lend assistance.

The chairman, "Shorty" Haase, is ready to receive a dollar donation from the men. This money is being put to might good use. Get your donation in.

## QUOITS.

Three of the finest quit heads in the Dominion have just been completed and are located beside the bowling green where the quoiters will be able to enjoy the game without any fear of the Islanders crossing the heads.

The committee have their programme all arranged, and would like to have the names of all wishing to play. Everybody can enjoy this game, so please rush your name to the chairman, Geo. Sockett, or to his committee, Mr. C. N. Mills and Mr. C. A. Jolly.

## SECRETARY'S NOTE.

Have you a 100% Membership Flag? If you haven't got yours yet you should do so at once as there was one made for you.

These flags are awarded to each ten or house where every person living in it is a member of the Association.

For these flags we are greatly indebted to Miss Carrie and Mr. Had. Wright. These two undertook a big task in making by hand about 200. You can show your appreciation by securing yours in the regular way.

The Secretary will be glad to receive your fee and issue cards and buttons at any time whenever or wherever you may meet him.

We want 1,000 members this season.

The suggestions received from the suggestion box are all having consideration and will be carried out if possible.

Watch the tents for the 100% Flags.

## DANCING.

The opening dance of the W. I. A. took place in the Woman's Shelter, on Saturday evening, June 18th. As has been the custom during the past two years the children took possession of the Shelter from 8.30 to 9, and it was a pleasure to see the little tots enjoying the dances, and the few parents derived just as much pleasure watching them.

At nine o'clock the regular programme commenced, including eleven dances, and the weekly dance promises to be just as popular as in previous years. Talbot's orchestra furnished the music.

During the interval the president, H. R. Adams, paid a tribute to the enterprise of the dance committee, particularly in reference to the decoration of the Shelter, which has never looked as pretty as it did on this occasion.

The chairman, Mr. Harry Hudson, and his committee, have gone to a lot of trouble, and spent a great deal of time in working out the decorations and electrical effects, and it is to be hoped that the member of the association will do their utmost to preserve intact the decorations for the balance of the season.

It is the intention of the committee to have two dances each week, and some novelties will be introduced later in the season. Any suggestions will be appreciated by the committee.

Everything President Best said about Harry Hudson at the dance last Saturday is right. Harry ought to be pleased with the result of his efforts. Ward's Islanders are—the Shelter never looked better.

## Simpson's 1921 Service for Islanders

Simpson's Service, developed through years of business experience, has never been more dependable or more efficient than at the present time. It is a very present help to Islanders.

New Service Departments are being opened periodically to facilitate shopping and to make it as enjoyable as possible. Phone orders are taken rapidly and accurately.

**Shopping with a Transfer Card** is quite the nicest, simplest and most convenient way. A card is given out with the first purchase, each article is listed, and no time is lost in waiting for change or parcels. One payment at the Basement Cash Office settles the account.

**Simpson's Grocery and Meat Market** is famous for its fresh stocks of food. The prices are the lowest consistent with quality. Our representatives on the Island will call for your order to be delivered on the following day.

**With Extra Summer Furnishings** to be bought, membership in the Home Lovers' Club is a decided advantage. The new terms are one quarter down, the balance payable in six equal monthly instalments.

Remember! Simpson's Store serves the Islanders best.

Watch for the Mid-month and New-month Economy Specials. It's surprising how much one may save on the little things.
