

# Ward's Island Weekly

Vol. 5 No. 2

WARD'S ISLAND, TORONTO

July 2, 1921

Where Ed. Howard spends his summer months. As a Tent House, Mr. Howard's place is certainly both practical and pretty. Ed. built the verandah—but we suspect that Mrs. Howard has to look after the beautiful flower beds that adorn it.

## FRANK WARD GIVES FIRST CONTRIBUTION

Frank gave Harry Hudson a nice donation towards the Fred. Bennet testimonial on Tuesday morning. This had the distinction of being the first contribution to this worthy cause, and it was entirely voluntary. If you have not been called on, by all means stop some member of the executive and let him know you want to do your share to help Fr  d.

## BASKETBALL

No. 1 Team—E. Sinclair, Captain ; Curly Clarke, Geo. Adams, F. Peirce, G. Henderson, E. Staughton.

No. 2 Team—Geo. Staughton, Captain ; Ken. Poole, Chuck Hillock, Howard Hill, A. Hillock, F. Rowley.

No. 3 Team—Harry Rice, Captain ; H. Thompson, Bill Staughton, Jack Hillock, Geo. Boyce, Buster Sheppard.

Team No. 4.—Jack Guest, Captain ; C. Poole, Geo. Smith, H. Bowmon, W. Cutler, F. Carter.

Join the Association now!

## INTER-ISLAND

During the last week end a meeting of the Inter-Island League was held in the Casino at Centre Island. Representatives from the three Islands attended, together with President A. Inglis, Honorary Presidents F. Ward, and Mr. Jackson, F. Reed, Secretary-Treasurer. The following officers were unanimously elected for the season of 1921: Hon.-Pres., Frank Ward (Ward's); Hon.-Pres., Mr. Jackson (Centre); Hon.-Pres., A. P. Inglis (Ward's); Pres., Geo. Williams (Hanlan's); Vice-Pres., R. W. Clewlo (Ward's); Secy.-Treas. (Pro-Tem.) Mr. Jackson (Centre).

Plans for the season were discussed during which Fred Reed as Secretary ventured the suggestion that more teams should be secured in order to avoid byes and provide Saturday games for the many players now available but forced to remain idle for lack of accommodation, all of which has a tendency to create some dissatisfaction and a loss of interest. An attempt was then made to form a six team league composed of two teams from each Island, but a motion to that effect failed, Hanlan's and Centre dissenting, claiming insufficient material. With players for a Four Team League at both Islands the actions and arguments of their representatives at this meeting appear somewhat inconsistent to facts, Mr. Ward then moved to have a second team entered from Ward's where there is an abundance of material to form a Four Team League, but this met with very strenuous opposition from the two other Islands. We hope, however,

to have more favorable news for you on the subject before the next issue.

The following Schedule was then drawn up and approved:

July 2 Centre at Ward's  
 " 9 Ward's at Hanlan's  
 " 16 Hanlan's at Centre  
 " 23 Centre at Hanlan's  
 " 30 Hanlan's at Ward's  
 Aug. 6 Ward's at Centre

The entrance fee was this year increased to \$15.00 which each team is required to deposit with the Secretary-Treasurer before the League opens.

Your representatives put forth every argument possible to secure accommodation for the talent in excess of one team available on this Island, and while we regret to report little success to date will continue their efforts until satisfactory arrangements are completed.

## HOME BREWS

The week ending June 24th has furnished many surprises and a few changes in our League standing with Sam Clark's Tigers in the lead, and Otazell and Iron Dukes trailing close. Bart. Wright's Brownies still favor the cellar position, and had it not been for his win this week over Elks (also in the cellar) we might have ventured the thought that he was training for the drought to follow July 18th. The balance of the teams being even with .500 each and standing as follows on June 27th:

	Wins	Losses	P.C.
Tigers.....	3	1	.750
Iron Dukes...	2	1	.666
Otazell.....	2	1	.666
Beavers.....	2	2	.500
Osoeze.....	2	2	.500
Dingbats.....	2	2	.500
Brownies.....	1	3	.250
Elks.....	1	3	.250

Considerable outlay has been made by the Association to date in the purchase of bats, balls and other equipment while a very small percentage of the players have so far joined the Association. Your executive representative has therefore been obliged to ask the Captains to report that each member of his team has joined the Association, this report to be filled not later than the 9th of July. Efficiency Flags will be presented the team captains as soon as all their players are registered.

Equipment: Heretofore, bats, balls, etc., have been under the direct care of the Baseball Manager, requiring that he or some member of his family remain at home at all times in order that the boys may be furnished with equipment whenever required. This arrangement has not always worked satisfactorily, and in order to place the equipment at the disposal of the players at all times, a locker has been secured, the location of which will be announced later. This will be padlocked with a key furnished each Captain and the Baseball Manager. Your Captains have agreed to assume responsibility for the return to the locker of all equipment after a game or practice and solicit the co-operation of each and every player to give the new system a fair trial.

We have endeavored to arrange the players, games, etc., in a manner that will furnish the best sport for the players and entertainment for the spectators. If, however, you feel any one player or feature of the game is being overlooked or neglected, please do not hesitate to bring it to the attention of the Baseball Manager. He will welcome any suggestion you have to offer for the improvement of the game in general.

Bob Clewlo has requested that we convey his appreciation of co-operation received to date from all concerned in baseball. He is endeavoring to give us the best baseball season we have ever had.

## EDITORIAL

### WARD'S WAS NOT ALWAYS THUS

On Ward's Island we feel we get more fun per square inch than we could get in a square mile at any other place.

Every thing in the line of sport is here. Everything is wholesome, free and delightful. In fact, nowadays, some of us find so many interesting things to occupy our minds that we haven't time to see and do all that we would like.

But Ward's was not always the heavenly paradise that it is now. Residents in the olden days, mark you, had just as much fun. In fact there are a few people, notably Mister and Mrs. Walter Dodd who are able to furnish Reminiscences of Ward's, just as exciting as the Tale of Two Cities or Barnaby Rudge. Some day soon the WEEKLY hopes to be able to publish these Reminiscences so that you may know the Island as it was in the days of the old oil lamp and the Sardine Castle.

Suffice it to say that our growth and development have been phenomenal. These things we enjoy now came to us, let it be remembered, as the result of the forethought, courage and energy of those who have worked so hard for so many years that there may be such a place as the Ward's Island that we enjoy so well to-day. All thanks to those good pioneers.

### LAST WEEK—FIRST WEEK

Last week was really the First Week for Ward's Islanders. With our carpentering and painting nearly done we lay off. Bowlers bowled, swimmers swam and dancers danced. We heard strains of music floating over the Island from many a tent instead of the clanging of hammers, and last of all, our Church Committee were able to begin their summer services. By the way, the minister they secured, a Mr. Bartlett, is certainly an interesting speaker, and is likely to fill our shelter if every one of his services is as well handled as the one of last Sunday morning.

With warm weather here too—and 100% membership flags now decorating our tents, we know that our summer has really arrived,

### LETS HAVE IT

We feel that the Readers of the WEEKLY are entitled to have the news of all our various activities. But if this news is not forthcoming by the Monday morning previous to the day

of publication (Saturday) it certainly cannot appear in the WEEKLY. Everyone get in your items—and make this the real live paper that you would like it to be.

#### SAVE THEM FOR THE BOYS.

If Ward Islanders wish to stand in strong with our boys, they will be thoughtful enough when purchasing Cowan's Royal Milk Cakes or Almond Bars, to hand the inserts that come in these bars to the lads who are saving them. Bulmer's keep a fresh stock of Cowan's Bars at all times. Ask for "Cowan's" and be sure of satisfaction.

## DANCING

As the WEEKLY goes to press Harry Hudson tells us that he is making special arrangements for the forthcoming dances. Harry has the shelter looking fine. The floor was never better. The Orchestra is perfect.

Grown-ups and youngsters are getting more fun tripping the light fantastic this year than ever before. And speaking of the children, there is something special being planned for them—something in the nature of a series of progressive dances, for the winners of which prizes will be awarded. Further particulars will be forthcoming as soon as the plans are completely formulated.

### SECRETARY'S NOTE.

Are you playing Baseball or Tennis or Bowling, or are you enjoying yourself watching the evening ball games which are made so much more interesting by the fine new score board?

It costs money to maintain and carry on all of the above sports, and the initial outlay which is the largest must be made at the beginning of the season. Therefore it is the duty of every resident of Ward's Island to become a member of Ward's Island Association, and AT ONCE, not during August just before the two days of sports when all expenditures have been made in accordance with the money on hand.

Last season we had 491 members on July 9th. We want 525 this year. This means 188 members this week, be one of them.

Join at once if you are not already a member, and don't forget to get one of the 100% Flags by having every person in your tent or house a member.

So Bert pitched—and his Brownies won the game. Although Al. Peirce should have won on his starts. He pitched a good ball. Every one was pulling for Al., and glad to see him back on the rubber where he made a name for himself a few years back.

## Simpson's 1921 Service for Islanders

Simpson's Service, developed through years of business experience, has never been more dependable or more efficient than at the present time. It is a very present help to Islanders.

New Service Departments are being opened periodically to facilitate shopping and to make it as enjoyable as possible. Phone orders are taken rapidly and accurately.

**Shopping with a Transfer Card** is quite the nicest, simplest and most convenient way. A card is given out with the first purchase, each article is listed, and no time is lost in waiting for change or parcels. One payment at the Basement Cash Office settles the account.

**Simpson's Grocery and Meat Market** is famous for its fresh stocks of food. The prices are the lowest consistent with quality. Our representatives on the Island will call for your order to be delivered on the following day.

**With Extra Summer Furnishings** to be bought, membership in the Home Lovers' Club is a decided advantage. The new terms are one quarter down, the balance payable in six equal monthly instalments.

Remember! Simpson's Store serves the Islanders best.

Watch for the Mid-month and New-month Economy Specials. It's surprising how much one may save on the little things.
