FORTY THOUSAND ARE NOW IN USE!

PRINCE & CO'S
PATENT
AUTOMATIC ORGANS
AND
MELODEONS

Have taken the First Premium whenever exhibited in competition with others.

Every Instrument Warranted for Five Years.

TO THE PUBLIC.

In presenting the AUTOMATIC ORGAN, we boldly announce the greatest triumph in Musical Instruments of the age. During the past half century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate, but the want of the reverse or *exhaustion bellows*, (which is the only bellows used in our instruments,) made it impossible for them to produce the mellow, rich and musical tone for which our instruments are celebrated.

Our *automatic* device enables the performer to blow with more or less force, giving the desired increase or decrease in the volume of tone, and at the same time enables the performer to open or close the swell instantaneously when desired.

MUSICAL INSTRUMENTS.

BRASS-BANDS.

OF LATE YEARS, THE SPREAD OF MUSICAL TASTE HAS RESULTED IN THE formation of Bands throughout all parts of the country; but the difficulties which have arisen in securing superior classes of instruments, except at greatly increased cost, have hitherto, with but few exceptions, necessitated parties using inferior and unsatisfactory kinds. To obviate this, we beg to state, our arrangements in Europe enable us to supply every article pertaining to bands direct from the manufacturers at the lowest prices.

It is a well-established fact, as evidenced by the award of the Musical Commission at the late Great Exhibition in Paris, in addition to the reputation previously maintained, the French Brass Instruments excel all others both for superiority of tone and finish. From these our stock is selected, and any orders entrusted to us will be carefully filled, and any information required regarding prices and the formation of Bands cheerfully given.

MASON & HAMLIN

CABINET ORGANS.

SEVENTY-FIVE GOLD AND SILVER MEDALS

And other Highest Premiums, have been awarded within a few years,
at the principal Industrial Fairs, to the

Mason & Hamlin Cabinet Organs

These Instruments have thus been

REPEATEDLY DECLARED THE BEST

at the following among other Fairs:

THE PARIS EXPOSITION, 1867;

AND AT THE STATE FAIRS OF

**NEW YORK, PENNSYLVANIA, OHIO, INDIANA, IOWA,
VERMONT, KANSAS, RHODE ISLAND, ILLINOIS,**

AND EVERY OTHER STATE WHERE FAIRS ARE HELD.

Having so uniformly obtained the highest honors at Industrial Competitions, the Mason and Hamlin Organ Co. have, since the award to them of the PARIS MEDAL in the Summer of 1867,

DECLINED TO EXHIBIT THEIR INSTRUMENTS IN COMPETITION

at such Fairs. Should one occur of sufficient importance to bring into friendly emulation and comparison the best manufactures of the world in this department, the Mason & Hamlin Cabinet Organs will be found among them. Meanwhile the fact is announced that these Instruments, even where exhibited at Fairs, have not recently been placed in competition for the premiums, in order that wrong impressions may not be derived from announcements, sometimes unwarrantably made, of premiums taken over them.
