# THE KING OF BLACKINGS.

## SERRANOS

# SPANISH BLACKING

IS THE

*FINEST BLACKING IN THE WORLD.*

For the following reasons :

**It does not Harden or Injure the leather ; gives a beautiful bright polish of a jet black color. It rejects moisture, keeping the feet dry. It is the quickest blacking to polish, and will not rub off. It leaves the leather smooth, and will hold a polish longer than any blacking made, and is therefore the most economical.**

*The following extracts will show how it is liked by the best merchants in Canada :*

From James Coreoran, Stratford, Oct. 26th, 1885: Spanish Blacking gives entire satisfaction to all who use it.

From Fred. Kinsman, Fonthill, Oct. 12th, 1885 Spanish Blacking is all the rage around here.

From Hugh Robb, Seaforth, Oct. 28th, 1885 I find Spanish Blacking equal, if not superior, to anything in the market.

From James Pickard, Exeter, Oct. 30th, 1885 Spanish Blacking is just what my customers desire.

From John Miller, Allenford, Sept. 19th, 1885- Spanish Blacking is giving good satisfaction.

From Malcolm Campbell, Lucknow, Nov. 16th, 1885 Spanish Blacking gives grand satisfaction.

From M. J. Hamlin, Allandale, Nov. 11th, 1885 Spanish Blacking is the favorite with my customers.

From E. D. Ayers, Walkerton, Sept. 15th, 1885 Spanish Blacking gives universal satisfaction.

From Thomas Duke, Caledon East, Sept. 7th, 1885. My customers say that Spanish Blacking is the best they have used.

From John Titter, Port Elgin, Sept. 18th, 1885 Spanish Blacking sells like hot cakes.

From A. Meekison, Strathroy, Nov. 25th, 1885 Spanish Blacking is giving grand satisfaction, being more for the money than any other blacking I have handled.

From S. Elliott & Co., Cookstown, Nov. 7th, 1885 Spanish Blacking has given entire satisfaction to our customers, who considered it a first-class article.

From Robert Steven, 64 King st. west, Hamilton, Ont. The Spanish Blacking and Satin Gloss gives every satisfaction. Many of my best customers, especially in the large hotels, will use no other.

From W. H. Crooker, druggist, Waterdown, Dec. 22nd, 1885 Spanish Blacking is better liked around Waterdown than any other blacking. I believe it superior to any I have ever used or sold.

**CARPET SWEEPER.**

This Carpet Sweeper is justly claimed to be the lightest running, easiest adjusted, and least complicated Sweeper in the market. It is the only Sweeper having end openings for discharging the dirt; the cover being fastened down tight prevents any dust from flying about the room.

No rattling cog-wheels to make a noise and disturb a patient or child if used in a sick room or nursery.

It has a covered bottom, enabling it to run easily on uneven surfaces, and will sweep perfectly backwards and forwards without a pressure upon the handle.

**CORN PLANTERS.**

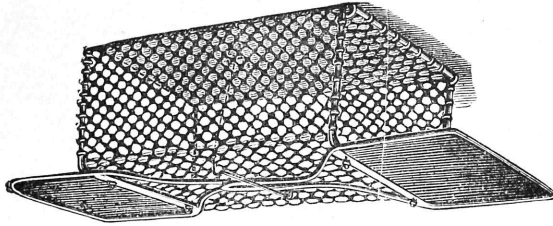

**THE KENT** is the best one hand Corn Planter made. It is a sheet iron tube, with a rod or plunger passing through the corn and rotating a disc, which can be changed to suit the number of grains intended to be planted in each hill. A spring front keeps the foot from clogging up, and a stopper regulates the depth to plant.  
 The Kent Corn Planter..... each.....

**THE LEADER** is a simple and strongly made two hand planter, with nothing to wear out in one season's work. It is better than the "Kent" for planting on sod or hard ground, and can also be regulated to plant the quantity wanted. Both these planters have stood the test of a number of years use, both here and in the States.

# "Bixby's Royal Polish"

## FOR LADIES' SHOES, SATCHELS, ETC.

Imparts a Rich Gloss and Flexible Finish to all Black Leather Goods. It is not a Paint or Common Shoe Ink, with which to Coat the Leather unduly, and render it hard, but a Thin Fluid Dressing, with extraordinary lustre and Durability, that does not Harden the Leather. No Dressing Blacks as well. None coats the leather so little.

## AS A POLISH OR KID REVIVER IT IS UNEQUALLED.

"Royal Polish" is put up in Bixby's patent bottles, with patent stoppers, the convenience of which is apparent to every consumer. *Beware of infringements.*

"Royal Polish" is sold at a popular price, and our friends should decline to accept from interested dealers something declared to be "equally as good as Bixby's" or the later dodge of "something better at a higher price." No shoe dressing costs as much per gallon or per gross to make, and consumers should bear this in mind when asked to pay a fancy price for another dressing.

*Remember there is nothing at any price equal in quality or so convenient and cleanly to use as "BIXBY'S ROYAL POLISH." Directions for use on the Carton in which each bottle is packed. Sold by dealers everywhere, and*

**Wholesale by Thomas Mitchell, Hamilton, Ont.**
