

This is
the world's
greatest
tire

here's
a tip!

To save money this year, to miss a lot of grief, to get more fun and utility out of your car—get onto Goodyear Tires just as soon as you can.

There's a Goodyear to exactly fit your car, your purse and your ideas of tire values.

And you know they're far better by the simple fact that *more people ride on Goodyear Tires than on any other kind.*

It's a mistake to buy *any* tire until you've seen our Goodyears.
