

CHARLES R. SANDERSON BRANCH, 725 Dundas Street West

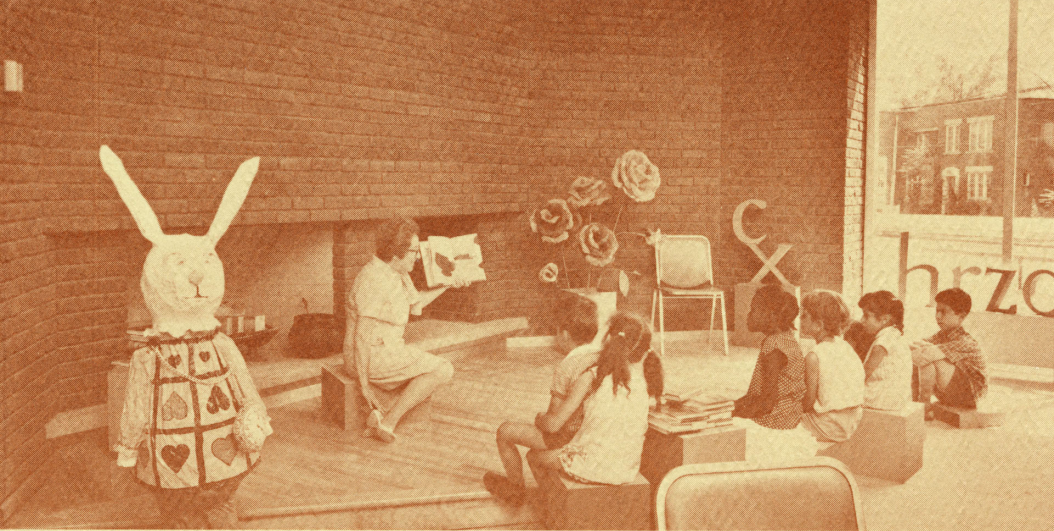

*A neighbourhood library  
where the "action" is...*

a place for children and young people to meet, to talk, to listen and to learn.

There are records (music, storytelling and languages), study carrels, a colour television and, of course, books — lots of them. Magazines and paperbacks too . . . and also books in Portuguese and other languages. Books may be borrowed for three weeks.

It's a warm, comfortable place with wall-to-wall carpeting and floor-to-ceiling windows which look out onto the patio. The carrels are located in a large bright room downstairs where it's nice and quiet for studying.

Special events such as science exhibits, film showings and puppet shows will be held regularly. There will also be a story hour each Saturday at 10.30 a.m.

TPL-A-0368 378563.
