**“THE MAPLE LEAFS”**

Captain M. W. Plunkett in offering another all-Canadian attraction in Canada this year, is again proving that this Dominion can supply unlimited dramatic talent and brilliantly artistic entertainments.

His latest effort, the reorganization of the famous Fourth Division theatrical party, “The Maple Leafs,” in their biggest overseas success, “Camouflage,” has met with wonderful commendation, both from the audiences and the press, and the success of the tour is already an established fact.

The “Maple Leafs” will continue “Camouflage” at the Grand Opera House next week, commencing Monday, with matinees on Wednesday and Saturday.
