NEXT WEEK.

THE FENCING MASTER.

A most pretentious production is promised for next week. It is a grand result of the combination of some painters, composers, actors, and singers, properly used. It will be used as a setting for a musical mosaic entitled the "Fencing Master," which is an opera containing about which Toronto has read much and seen absolutely nothing. Fortunately for us the work of interpretation has been entrusted to a thoroughly competent company of singers, which is headed by that well-known prima donna, Laura Schirmer-Mapleson, whose beauty of voice is only equalled by a most perfect presence. Lily Post, Hubert Wilke, Theo. Dore, Marion Langham and Gerald Jerome are among the list of leading artists in the supporting company, which is under the direction of Col. Henry Mapleson and Fred C. Whitney. Eighty people are included in the organization, which includes an orchestra of twenty-two men under the direction of Signor Tassoni. The production of "The Fencing Master" should prove an auspicious opening event.

JAMIESON'S BULLETIN.

This week will be six days additional days in our Order Clothing Department. We ask you, are you doing spring 25 to 50 per cent. on the cost of a Fall Suit or Overcoat? Answering for you, we would say you were not. Money is too scarce at this period. We have a beautiful display of Cloth—direct from Scotch Tweeds, England's finest Wools, Irish Tweeds in Rainey, Maloney, etc., and the most notable makes of deerskins goods. We would say you are in position to sell and be shown these goods, impressing on you that no finer goods have ever been shown in Canada.

PERFORMING ARTS
"An American Triumph."

English railway men are becoming alarmed at the great success of the fast train on the New York Central. It was truly produced in England and Scotland, when the Empire State Express was inaugurated, that it would probably run for a few weeks and then be withdrawn, as it was believed in the British Isles that no American road-bed could sustain the strain of a heavy train running at the speed of the Empire State Express for any considerable time. This train has been running continuously for more than a year, and has made the time so regularly that for thirty consecutive days the train was not "off time" once. It has become the most popular train in the country, and fully half the time every seat is taken. It is gradually drawing upon the undivided world that the Empire State Express is an unrivalled feat, and that the New York Central deserves the title accorded it by the press of two continents of "America's Greatest Railroad."

O. A. RISK, Dentist,
Graduate and Medalist of Royal College of Dental Surgeons.
