TOOTH SAVING.

It is only from the old-time pain of the operation that many dread to have teeth extracted. Teeth are friends—and the parting should be avoided if possible—regretted always for the sake of good health and good looks.

Our modern methods take away all of the pain of tooth extracting—but we would rather save teeth than extract them. Modern skill—and methods—and facilities—help us to do that.

"VENUS" AIR FORM CORSET COVER.

Without "Venus" Corset Cover.

THERE is more deception in using a corset that squeezes your figure into a shape, than there is in wearing our Venus Air Form Corset Covers. Then why not buy a corset that is comfortable and let us sell you the style. You pay twice the price of the garment in the injury to your health by not having one. We showed these garments to a prominent physician and he remarked "That garment if universally adopted will kill half our practice." This garment is light, buoyant and highly elastic, removes all stiffness and readily adopts itself to every deficiency of the figure and gives nature a chance to develop, whereas padding is heavy, depressive and injurious. We guarantee satisfaction, you can buy the garment, wear it for two weeks and if not satisfactory you can return it and we will refund your money. Write or telephone for demonstrator.

Humphrey as Napoleon, his original part, and Miss Anne Sutherland as Josephine

Joseph Murphy will present his two Irish dramas, "Kerry Gow" and "Shaun Rhue" at the Grand, Christmas week.

"Light as air, cool healthful, durable. So perfect and natural are they that dress-makers fit gowns over them and never know by sight or touch that they are artificial. Worn with or without corsets on any figure, adapt themselves to every movement. A grateful support to mothers. In bathing they can't be detached, buoy the wearer and make swimming easy."

BALD YOUNG MEN

Are on the increase especially in the professions where much mental activity is demanded, and where close application to business seems to make itself felt in the premature loss of the hair.

While it may be in a measure pleasing to be considered intellectual, the often attendant baldness is not becoming, and the average young man cares, or should care a good deal about his appearance.

PEMBER

Makes a Toupee of the very finest natural hair of the precise shade to match that of the wearer. The fit is perfection, the simulation of nature perfect, and the invisibility when worn guaranteed. These, and the moderate price asked for such an article, merit a visit to the store. Better come and see for yourself what a Good Toupee really is, and visit the new Turkish Baths.
