—MAGIC—

The Magic Trio in a series of mysteries, opening with Mr LeRoy's introduction, and followed by an original conceit, entitled "Bosco's Hat." "The Art of Omelet Making." "The Magic Screen," an entirely new illusionary effect by M'ile Talma. "Incubation a la Bosco." "The Legend of the Silk Handkerchief." A new experiment entitled "Mr and Mrs Jones." "The Canary and the Cage." "Bosco's Cage." Some puzzling experiments in Coin Manipulation by the Queen of Coins; a Unique Finale. "The Crystal Stairway." "The Magic of Cards." Mr LeRoy, the originator of Billiard Ball Manipulation, in a few deceptive passes and other puzzles, to conclude with the most original effects in modern magic, "The Farm Yard Come to Town," and the production of the largest flags ever used on any stage.

NOTE—Any person doubting the genuineness of the bird experiment is invited to bring his own canary bird, without giving any notice of your intention of doing so, and Mr LeRoy will perform the experiment with it, the object being to give you conclusive evidence that the bird is alive and in no way trained.

## BETWEEN THE ACTS

A question of locality—The affable eastern drummer, passing through the alkali district of Arizona, hailed a native driving by with, Howdy, stranger?

Oh, I'm cistern, podner.

You're what?

I'm cistern—I'm healthy.

You mean you're well.

No, I don't nuther; this is the driest place on earth, and I don't use no well.

Mrs. Dorcas—Women are allowed to vote in some of the States.

Dorcas—I know it, my dear, and those are the very States that have the fewest women.

When a man wishes he had never been born :  
—After tearing through the house looking for his pipe, getting the whole family to search for it, accusing his wife of never keeping things where they belong, and then finding it right where he put it himself—in his pocket.

Freddie—Say, pa, what have I to be thankful for, anyhow?

Cobwigger—After that dinner you've just eaten you should be thankful if you don't have dyspepsia for the rest of your life.

Isn't it odd that whenever Mr. Dinsmore makes a present it always consists of gloves? said Miss Goldthorpe.

He wants his presents to be always on hand, replied Miss Wilberforce.

First chorus-girl—What do you suppose persuaded Sadie to marry that young brewer? He hasn't much money.

Second chorus-girl—Well, maybe not. But you know one has to begin at the bottom of the ladder.

The low comedian—You needn't give yourself such airs—you're not such a much.

Tottie Tiptoes—Oh, I don't know. I haven't seen any five-cent cigars named after you.

Compulsory service—Mamma, said Bennie thoughtfully, did God have any reason for making the porcupine a slave to carry tooth-picks for the other animals?

What is the meaning of the word insurgent, Tommy? asked Miss Tome.

An insurgent, answered Tommy, who had some recent history in his mind, is a chap who lets his friends do all the fighting.
