Meetings

Regular Meetings of the Executive Committee on the 1st Monday of each month, at 3 p.m., at Toronto Divisional Headquarters.

The Aims and Ideals of the Organization

The Girl Guide Movement was founded by Miss Agnes Baden-Powell, sister of Lieut.-Gen. Sir Robert Baden-Powell, for the purpose of making girls useful and self-reliant and of developing those qualities of character which makes good women and good citizens.

It is a purely womanly scheme and the aim of the pursuits engaged in is to make girls better housekeepers, more capable in womanly arts, from cooking, washing and sick-nursing to the training and management of children. Girls are encouraged in every way to study the most useful subjects a woman can know in order that they may become "better mothers and guides to the next generation."

“This the season for budgets”

And any housewife desiring this coming year to spin out the pennies would be well advised to allow one of our young ladies to explain our six different laundry services on the phone. All are different and all are a saving over home methods of doing “family wash.” Each washing is done separately in soft water without any marking whatsoever. When phoning ask particularly about our new service for men’s shirts—it is a decided saving—or stop any of our courteous driver-salesmen.
