IT is hardly likely that more than a limited number of our far-away customers have seen for themselves the wonderful improvement that has resulted from the alterations which we completed within the last year.

For your benefit, if you are one who has not, we have given just a few glimpses of different parts of the organization that stands behind the guarantee that your order will be filled to your entire satisfaction. This is the store that sends you this catalogue as its salesman, and all of the goods in all of the cases are represented within these pages.

We hope that within the near future you will be in Toronto, and will be able to visit us then. But, in the meantime, we can assure you that, great as are the advantages this store offers, there is nothing you could secure in person that you could not buy just as satisfactorily by mail.

Pleasure and Satisfaction Assured

AS a shopper by mail, wherever you may live—city, town, village, or away off where the mails are delivered by canoe or dog train—you have many decided advantages over the store shopper.

In the quiet home atmosphere, grouped around the fireplace, your gifts will be selected with an assurance of satisfaction absolutely impossible in the hurry of the crowded store. Turning over page after page, as articles both beautiful and useful come up before you, the comments from other members of the family as to what is most suitable for "Grandmother," "Aunt Mary"—all the long list—will result in the gifts you send representing the best ideas of all.

Added to this is the absolute certainty of satisfaction that our guarantee gives you. When the family group re-assembles to inspect "the parcel from Ryrie's," everyone must be absolutely satisfied or we prefer that you send the goods back.

"RYRIE" DIAMOND RINGS

With any Ring priced at $100.00 or over we supply Sterling Silver Ring Case.

The Diamonds in all of our Rings are a particularly fine, steel blue-white color—the most perfect we can procure—absolutely free from the slightest imperfection and perfect as regards cutting, etc.

30762, 30763, 30776 and 30777 are imported All-Platinum mountings. With the exception of these, all the rings on this page are mounted in hand-made 18k. Gold settings, while the following have solid Platinum crowns:—30750, 30755 and 30771, 30773 to 30775, 30778 to 30780 and 30782 to 30785, inclusive.

Platinum is used largely in our fine Diamond Rings. It is not only more durable than Gold, but because of its color, it brings out the beauty of the Diamonds to the best possible advantage.

30756 to 30761 and 30764 to 30769, inclusive, are in extra heavy All-Gold settings, particularly suitable for men's use.

These illustrations show, as nearly as they can be reproduced, the exact size of the stones, and give an excellent idea of the general appearance; but the very brilliancy of the Diamonds makes a perfect reproduction impossible.

Your purchase of a "Ryrie" Diamond Ring means assured satisfaction, as if, upon receipt, it does not prove to be just what you want, we prefer that you send it back.

OUR WATCHES

Sixty years ago, when this business was established, watches were made an important feature.

This department has been skilfully cared for ever since, and today we think we can, with all modesty, say it is "first" in Canada.

We guarantee every watch illustrated in this catalogue to give satisfactory service.

OUR MOVEMENTS

Our Movements are made for us on the most scientific principles by the best watch talent known, including Patek Philippe & Co., of Geneva, who are conceded an undisputed first place in the watch world. Our low-priced watches are also the best in their class, and each movement is carefully tested by our own watchmakers after we get it.

For Engraving see page 37.

OUR CASES

Do not compare our Heavy Gold Cases with the ordinary kind. Every "Ryrie" case is an example of exact workmanship—neat in appearance and lasting in service.

The old bulky style has been replaced by cases of graceful form and durable workmanship, in harmony with our Movements, giving "Ryrie" Watches a refined appearance not found in others.

MEN'S GOLD-FILLED WATCHES

Articles are exact size of illustrations.

We are well within the mark when we say that no other store in Canada controls such an extensive watch trade as ours. This has not come by accident—it was the result of our determination to supply only such watches as would reflect credit on our name, and thus bring us, year after year, constantly increasing success.

Continued success for us means that *every* Watch we sell must give satisfactory service, whether it stays in Toronto or goes to the farthest corner of the Dominion.

Order any one of these Watches, then *you*—not we—shall decide if it is satisfactory.

Plain Watches with Monograms or Engine Turned pattern like 21567 may be ordered at the prices quoted. Note the extra quotations under each watch. For Engraving see page 37.

LADIES' GOLD-FILLED WATCHES

Articles are exact size of illustrations.

The Ladies' Gold-filled Watches on this page contain the same fine movements as we use in 14k. Gold.

The Cases are extra quality Gold-filled, with Gold bow and joints where most wear comes. They have every appearance of Solid Gold, and will *wear well* and *look well* many years hence.

The Silver and Gunmetal Cases are the best we can procure, and our confidence in the movements is shown thus—if through any fault of its own, one proves unworthy in any particular, we will gladly replace it with a new one. For Engraving see page 37.

LADIES' GOLD WATCHES

Articles are exact size of illustrations.

Although the perfectly Plain Watch, with Monogram engraved upon the front case, remains the favorite, we have illustrated here several of our most popular "Hand-engraved" patterns, to give a better choice.

As we use only one weight of case—and that the heaviest—any of these engraved patterns may be ordered with our 16-jewel Movement at $30.00 or our 19-jewel Movement at $40.00.

The cases are all hand-made and carefully fitted to exclude dust and dampness.

Any of the Plain Watches may be ordered in open face, if preferred.

ENGRAVING OF WATCHES

On all Gold Watches we engrave without charge any style of monogram shown.

On Gold-filled Watches we engrave without charge any monogram shown, except that on page 34, or 21623 on this page, for which $1.00 extra is charged.

On Silver Watches we engrave free of charge plain monograms only, such as 21597, page 36, and 21620 on this page, charging $1.00 for such monograms as 21621 and 21623. Nickel and Gunmetal cannot be engraved satisfactorily.

PRESENTATION WATCHES

No other article lends itself so well to gift-giving as a Watch. Keeping this in view, we have illustrated these very suitable styles.

21690. Presentation Watch, Chain and Locket. The movement is a Ryrie 16-jewel, finely finished throughout, and guaranteed an accurate timekeeper. The Chain and Locket are fine Gold-filled. The Watch is 16-size, finest quality Gold-filled. Complete in silk-lined box $25.00

21691. Same, Open-face Watch 25.00

21692. Ladies' Presentation Set, in finest quality Gold-filled. We strongly recommend this case as more serviceable than a lighter all-gold one at the same price. The movement is a 16-jewel Ryrie, such as we use in Gold cases. Watch and Chain, with monogram, complete in silk-lined box $25.00

Same, Open-face Watch 25.00

21693. Illustrates our Ladies' Presentation Watch and Chain. The Chain is 14k. Gold, the Watch case is heavy 14k. Gold, and the movement is a Ryrie 19-jewel, with patent regulator and hairspring, compensating balance, adjusted to temperature and positions, finely finished throughout, and carefully regulated. Watch and Chain, with handsomely engraved monogram, in silk-lined box 50.00

21694. Same, in Open face 50.00

OUR GOLD LOCKETS

Our Lockets are nearly all flat model, without sacrificing strength.

The joints are almost invisible, and every locket has space for two pictures.

We usually deliver them in dull or yellow finish, but bright or plain finish may be ordered if preferred.

GOLD-FILLED LOCKETS

We have quoted one or two sizes of each shape in a fine Gold-filled quality that has given splendid satisfaction.

ENGRAVED LOCKETS

We engrave free of charge on all Lockets a single Script initial as the "B" on 21724, or an Old English initial as on 21745. Plain monograms, as on 21715, cost 25c., and fine monograms, as on 21733, 50c. extra.

WATCH BROOCHES

The Watch Brooches shown here are the most favored styles we have, and are so made that a Watch may be attached securely.

The Pearl pieces make very suitable lace pins; 21704 has a ring on the back, that it may be worn on a neck chain as a pendant.

OUR CHAINS

Articles are exact size of illustrations.

In our Gold Chains hollow wire is never used, every link is *Gold right through.*

We quote Gold Chains in 10k. and 14k., and make 18k. to order only, as we find 18k., in chains, too soft for good service.

Our Gold-filled Chains are of the finest quality, having an outer casing of Gold that will keep its color and wear for many years.

21760 to 21771 are Ladies' Long Chains; the fashionable length—48 inches.

21775 to 21789 are regular style Men's Chains with Bar, Swivel and Drop-piece to attach Locket or Seal.

21772 to 21774 and 21790 to 21792 are Men's Double Chains with Bar and Drop-piece in centre.

21797 to 21815 are Men's "Waldemar" Chains, 14 inches long, as shown in 21813, worn from pocket to pocket.

21816 is a Lapel Chain.

The Spoons shown are four of our most popular designs, the "Georgian" being a new pattern that has already proven immensely popular.

Such a service is a striking illustration of the superb quality of "Ryrie-made" Silverware. Made in our own factory by expert silversmiths—with every modern aid to good workmanship—under careful, efficient management that not only keeps the cost down to the minimum, but the quality up to the maximum—this Silverware costs you no more, usually less, than ordinary Silverware.

We are manufacturers of Silverware—we sell direct to the consumer. Buying other Silverware you have to pay all the middlemen's profits that have accumulated from the time it left the manufacturer's hands until it reaches yours.

This is our newest design in "Ryrie-made" Silver Plate. As a result of our years of experience as manufacturing silversmiths, our Plated Ware is exceptionally well made, the deposit of pure Silver being sufficient to ensure years of use.

As with all "Ryrie-made" Silverware, the saving in middlemen's profits results in prices that would otherwise be impossible.

This pattern was designed to meet the needs of those who want plain, substantial well-made Flatware—at a moderate price.

CASSEROLES, PIE PLATES, ETC., IN FINE SILVER PLATE

Articles about four and one-half times width of illustrations.

Cooking *en Casserole* is one of the many excellent culinary ideas we have adopted from the French. Far from being a fad, the Casserole has now become practically indispensable—not only because of its convenience, but because so many articles can be cooked and served *en Casserole* better than in any other way. The earthenware lining is, of course, put right in the oven, and, when the contents are cooked, is placed in the Silver-plated frame and brought to the table.

The Pie Plates shown on this page also have earthenware linings in which the Pie can be cooked and then placed in the frame for serving.

The removable lining for the pudding dishes is a similar idea.

"FLORAL" PATTERN

This, our newest design in rich Cut Glass, has already proven very popular with our Toronto customers. The design is very deeply cut from plain blanks, with the leaf part of the pattern brilliantly polished. The flowers themselves are cut in a soft grey finish, which causes them to stand out in very pleasing contrast to the bright foliage.

This pattern is cut with the care which is characteristic of "Ryrie" Cut Glass, and we offer it with every confidence that it will more than satisfy our customers.

OLD DIAMOND JEWELRY REMADE INTO MODERN DESIGNS

A search through your jewel box may bring to light some half forgotten jewel or keepsake — Brooch, Bracelet or Ring — containing Diamonds or other valuable stones, but discarded because out-of-date or too fragile for every day use. The stones do not show to advantage in the old-fashioned gold settings, but by remodelling these into artistic, handmade creations of Platinum, their true beauty is brought out.

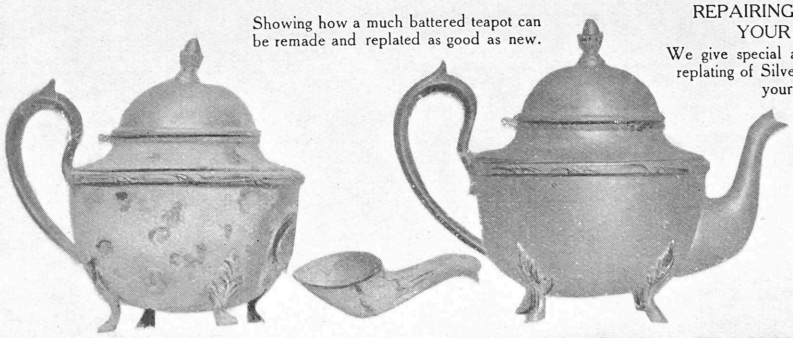
Just to get some idea of what is possible in work of this kind, bring or send us some piece from your collection of discarded jewelry, and allow our artist to make you a design. This will, of course, cost you absolutely nothing, nor will it place you under any obligation.

A practically unlimited assortment of Unset Gems enables us to supply additional stones at a minimum cost, should they be necessary.

RYRIE SILVER SOAP

will quickly and thoroughly clean your Silverware and Cut Glass. It is the safest and most satisfactory Silver Cleaner yet devised—easy to use; will not injure the finest Silver or Cut Glass, and will not deteriorate with age. This cake is 2¾" diameter. Per cake, 25c. Per dozen cakes, $3.00.

Showing how a much battered teapot can be remade and replated as good as new.



REPAIRING AND REPLATING YOUR SILVERWARE

We give special attention to the repairing and replating of Silverware. You probably have in your possession some really good pieces of Silverware, which, for a few dollars, can be made attractive and usable. Send or bring these to us, and we will give you a detailed estimate of the exact cost of the work required. You will find our prices most moderate and the workmanship of the highest order.

REPAIRS WE MAKE

In addition to the usual repairs—Jewelry, Silverware Watches, Clocks, etc.—we are prepared to do any of the "out-of-the-ordinary" work you may require.

For instance, we repair Pipes, Canes, Fans, Opera Glasses, Bronze and Marble Statuary, Leather Goods, Jet and Enamelled Jewelry, Thermos Bottles, Ivory and Tortoise Shell Goods, China and Cut Glass, Lorgnettes, Barometers, Chronometers and Thermometers.

We remodel old Jewelry; cut and polish Gold and Silver Ore; repair and cover Umbrellas and Parasols; reset old Jewels in new mountings; engrave Crests and Monograms on stone for signet rings, watch charms, etc.; re-cut and polish Diamonds, Rubies, Sapphires, Emeralds and all semi-precious stones; re-string Necklets of all kinds, from inexpensive bead necklets to those of fine Oriental Pearls; letter in gilt on Leather Goods; supply linings for Vases, Butter Dishes, Mustard Pots, Casseroles, Bake Dishes, Salt and Pepper Shakers, etc.; repair and re-finish Gold, Silver, German Silver and Gunmetal Mesh Bags. In fact, nothing is too trival or too complicated for our repair staff.

In a word, we want to be your "family jeweler." Extreme care is always taken in doing the simplest as well as the most difficult repair work, and an efficient system of registration prevents any possibility of loss or confusion.

INSTRUCTIONS

The prices in this catalogue supersede those in all former issues.

HOW TO ORDER.

Whenever possible, use the regular order sheets at the back of the catalogue. Additional forms and addressed envelopes will be sent upon request. Fill in each item carefully, writing plainly all proper names and addresses. Please use the prefix "Miss," "Mr." or "Mrs.," and in the last case always use the husband's initials. **Please do not cut the catalogue**—all we require is the page, number of article and quantity. Use separate sheets for orders going to different addresses.

NOTE.—All correspondence not relating to orders, and all inquiries for information, should be written on a separate sheet. If you order when away from home, please mention your home address.

TERMS.

There are no discounts from the prices quoted, even to jewelers. This rule is never broken, as the prices given are the lowest at which goods of equal quality can be sold.

Upon receipt of satisfactory references from your bank, a responsible business house or a reliable mercantile agency, we will open a thirty-day charge account with you. **Except where such accounts have been opened, the money must in every case accompany the order.**

If in doubt as to the exact amount, send a little too much, and the balance will be promptly refunded on completion of the transaction. Orders insufficiently paid for will be held for the unpaid balance or partially filled. Do not include mailing charges—we prepay everything to all points in Canada. When orders or repairs are sent to you C.O.D., the Express Company will collect from you charges for returning the money to us. This amount you will save by sending money with order.

REMITTANCES.

Money should accompany orders in the form of postal note, bank, postal or express money order or bank draft. Checks should be made payable *at par* in Toronto, or 15c. added for exchange, and MUST BE MARKED BY THE BANK. Stamps will be accepted up to 25c., wrapped in waxed paper. We cannot accept responsibility for cash sent by ordinary mail—REGISTER THE LETTER. Do not send money for express or mailing charges—we prepay them to all points in Canada.

DELIVERY AT OUR RISK AND EXPENSE.

We prepay all delivery charges to any point in Canada, and all articles are delivered entirely at our risk. Any article lost or damaged in transit will be promptly replaced.

The new Canadian Parcel Post system permits of parcels up to 11 lbs. being mailed to any point in Canada. This means that customers in places that are not served satisfactorily by the Express Companies can now have practically anything delivered by mail as promptly and safely as a letter.

We will prepay all mailing charges on articles which can be sent by parcel post (11 lbs. or less) to any part of the British Empire.

DELIVERY IN THE UNITED STATES.

Through our connections in the States, we can deliver many articles without the payment of duty or express charges. These are listed specially on page 124. This service is of particular advantage to those who wish to send gifts to their friends in the States, as cards can be enclosed, and the parcel carefully wrapped, just as though shipment were made direct from Toronto.

We prepay mailing, but *not* express charges, on goods sent direct from Toronto to the United States. On United States shipments going **by express direct from Toronto** sufficient to cover all express charges and duty must be deposited with us, as we have to make a similar deposit with the Express Company. We do not advise such shipments, as the duty ranges from 35 to 75 per cent. **We can accept no responsibility whatever in regard to the customs or delivery.** It is much more satisfactory to limit selections to articles listed on page 124 as deliverable in the United States.

EXCHANGES AND RETURNS.

Upon receipt of your purchase, if for any reason (or no reason) you wish to return it, you are at perfect liberty to do so, and the full purchase price will be promptly refunded, except articles made specially to order. Articles engraved or mounted with initials, when exactly as ordered, **cannot be returned.** This does not include articles received in a defective or damaged condition.

Articles to be returned should be plainly addressed, and should bear the sender's name and address for identification purposes. Instructions should be sent, separately, by letter. In writing about a previous order, be sure and give the date of order, amount of remittance and the name and address *as originally given.*

ENGRAVING.

Engraving always delays an order from one to three days. FROM DECEMBER 15th TO THE 31st IT IS ABSOLUTELY IMPOSSIBLE FOR US TO DO ANY ENGRAVING, therefore please mention on your order, if you wish it held until after the first of the year or sent without engraving. Unengraved articles can be returned for engraving after January 1st. On any article where there is a suitable place, we engrave, free of charge, one, two or three Script initials—not in monogram form—or one Old English initial, with the following exceptions:—Watches, see page 37; Fobs, see page 33; Cuff Links, see page 43; Flatware, see page 59; Silver Toiletware, see page 81; Parisian Ivory, see page 83.

Additional engraving must be paid for at the rate of 3c. per Script initial or 5c. for each Old English initial. With the above exceptions, small monograms will be engraved at the rate of 25c. each. We cannot engrave on Brass, Nickel or Gunmetal.

PLEASE **PRINT** ENGRAVING INSTRUCTIONS.

REPAIRS.

All articles for repairs should bear the sender's name and address, and a letter of instructions should be sent separately. We have exceptional facilities for the repairing of Jewelry and Watches. All information, designs for remodelling jewelry and estimates are furnished free of charge, and without putting you under any obligation.

APPROBATION.

Upon receipt of satisfactory references and particulars of requirements we will send, except during December, a selection of articles on approval. However, in reality, every sale made by us is on approval, as we will promptly refund the full purchase price on any article that does not meet with your approval.

ORDER EARLY.

It is impossible to anticipate exactly the demands for the many articles which we catalogue, and so occasionally it happens that the stock of a certain article runs out. When this does occur, we always send the best possible substitute—usually a more expensive article. If a less expensive one is sent, the full difference in price is always refunded. In every case the customer benefits by the change made, and in no case will we ask for more than called for by the catalogue. When this catalogue reaches you, our stock will be at its best—ORDER IMMEDIATELY.

OUR GIFT SERVICE.

The "Ryrie" gift service does away with any possiblility of dissatisfaction. Your gifts are sent at our risk and expense. All articles are critically inspected and all price tags removed. They are daintily packed in suitable "Ryrie" boxes, enclosing any cards you wish sent. They are shipped, on any date specified, to any address given us. Our many customers in the United States take advantage of our service to have gifts sent directly from us to friends in Canada, knowing they will arrive promptly, attractively packed, and in perfect condition, without duty or express charges to pay.

SATISFACTION GUARANTEED.

With over sixty years' experience to guide us, our system has been made so efficient that mistakes rarely occur. The most efficient organization, however, depends so much upon individual effort that an occasional error is inevitable. When one occurs, we want to be advised just as promptly as possible, so that we can correct it. We would sincerely regret it if any mistake were to go unrectified.

OUR CATALOGUE.

This catalogue gives an excellent idea of the quality and appearance of our stock. It is issued each year in time for Christmas purchasing, and is a valuable reference in the solution of your gift problems. We would be very pleased to send copies to any friends either in Canada or the States whom you think might be interested.

OLD GOLD AND SILVER.

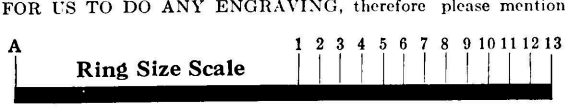
We allow the full market value for Old Gold and Silver. Send your old jewelry (solid gold and silver—not plated) to us, and we will promptly give an estimate of its value. Be sure to put your name and address on the outside of the package, and send a separate letter of explanation.

NO AGENTS OR BRANCHES.

"Ryrie" goods and the "Ryrie" quality can be secured only from Ryrie Bros., Limited, Toronto. We have no agents or branches, and our goods are never sold through other dealers. Any order sent to us will be given the same careful attention as if the purchase were made in person.

GOODS NOT ILLUSTRATED.

It is impossible to show all of our immense stock in a catalogue of this size. Photographs and full information regarding any additional lines in which you may be interested will gladly be sent upon receipt of particulars.



To get correct ring size draw a narrow strip of stiff paper tightly around the knuckle so that both ends just meet. Place this on the ring scale from the letter A—the size will be the number it reaches at the opposite end. If it comes between any two numbers, give us the fractions.
